1. Annual Report

1.1 Statutory aims

The *ISSTDR Conference Support Foundation* was established in 2009 for the express purpose of providing financial support to the International Society of Sexually Transmitted Disease Research (ISSTDR) and its activities. The statutory aims of the Foundation are:

1. To sustain and support the continuity of the ISSTDR conferences;
2. To give financial support to the local organizers of conferences of the ISSTDR;
3. To maintain and manage/administer resources/funds in this respect and every matter connected to this.

1.2 Background

The ISSTDR organizes biennial conferences. These meetings are widely recognized as having been scientifically successful for over three decades, and to our knowledge most or all were financially successful as well, i.e. revenues collected generally exceeded expenses. The ISSTDR Board believes that the Society's "brand" has been central to these successes.

Furthermore these meetings have been financially independent of one another and from the Society as a whole. Each president/local organizer has assumed independent responsibility for both financial liability and potential gain from running the meeting in the Society's name, often in a contractual relationship with a local institution or another legal entity. Further, through most of its history the ISSTDR has not been a legally constituted entity that could receive or disburse funds, although the ISSTDR Board functions as a governing body.

At the meeting of the ISSTDR Board of 27th June 2009 this issue was discussed with the following governing principles as an outcome:

- The *ISSTDR Congress 2005 Foundation* with a minimal change in the articles can be transferred in *ISSTDR Conference Support Foundation*. The articles of discontinuance can remain unchanged as they say that in case of liquidation of the foundation the favourable balance has to be handed over to organisers of a next ISSTDR conference.
- The ISSTDR Board consists of thirteen individuals and is elected by peers with two or three newly elected positions every two years.
- Local organisers respond to a call sent out before every conference and then are chosen by the ISSTDR Board at the board meeting held during the conference.
- The *ISSTDR Conference Support Foundation* (legal entity) acts in partnership with ISSTDR Board (not a legal entity) and with the local organiser for any particular ISSTDR conference (should be a legal entity).
- The relation between the *ISSTDR Congress Support Foundation* and the ISSTDR Board has been formalized in the articles of the foundation.
- The *ISSTDR Conference Support Foundation* board itself is under Dutch law responsible for its good governance.
- Local organisers are free to chose their own way of working and also the kind of legal entity they use as a vehicle to run the ISSTDR Conference.
- The ISSTDR Conference has to be considered as a brand with an economical value in its name, in its database of participants and its goodwill based on a longstanding tradition. Also there is a general interest beyond the once-only interest of the local organizers in the quality of the congress (logistics and content) as it affects the value of the brand ISSTDR Conference and therefore the continuity.

Based on consideration above the ISSTD R Board meeting of the 27th of June 2009, it has been brought into conclusion that the *ISSTD R Conference Support Foundation* is the legal entity to fulfil the international support function to the ISSTD R conferences. So, the remaining funds have to be transferred to the Foundation and to be used to help assure the financial security of the Society and of future ISSTD R meetings and, with anticipated growth, may permit expansion of the Society's activities and mission in service to STD prevention.

In 2013 three additional principles were added. First was accepted that the Chair of the Foundation should attend ISSTD R Board meetings as an observer. Second, the minimum money in the ISSTD R Support Foundation is EUR 25,000. Third the Board agreed in 2013 to pledge bi-annual a minimum of EUR 10,000 and a maximum of EUR 20,000 to be used for scholarships as long as the Foundation bank balance was a minimum of EUR 50,000 (seed money for two conferences).

1.3 Activities in 2016

The board of the Foundation held one board meeting in the year 2016. The annual and financial report 2015 was stipulated. The annual report 2015 and the current financial status was presented to the ISSTD R Board for information. There were no comments.

ISSTD R 21st meeting

The ISSTD R held its biennial meeting below the equator for the first time and it was combined with the IUSTI meeting into the World STI & HIV Congress 2015 in Brisbane. This congress was held back-to-back with the premier Australasian conference on HIV&AIDS. 900 people attended the Congress from all over the world on 13 - 16 September 2015. It was a very successful meeting.

For the Brisbane meeting, which is a combined ISSTD R and IUSTI meeting the funds were distributed as follows: 35% to the International Society for Sexually Transmitted Disease Research Conference Support Foundation as the lead scientific body and in recognition that the ISSTD R only hold meetings biennially. 35% to the Australasian Society for HIV Medicine (ASHM), less the total amount of any discounts on registration provided to its members – in recognition that ASHM is assuming the major financial risk. 30% to the International Union against Sexually Transmitted Infections (IUSTI), less the total amount of any discounts on registration provided to its members.

ISSTD R 22nd meeting

In November 2016 the Conference Agreement for the 22nd meeting in Rio de Janeiro has been signed by Mauro Romero Leal Passos and the Foundation. Local organizers of the biennial ISSTD R meetings have to meet this agreement if they want to be qualified for support and to sustain the quality and the good reputation of the ISSTD R. The agreement is a legal translation of the principles and decisions of the ISSTD R Board decided in London on the 27th of June 2009. As it is in the general interest of ISSTD R there is a set of conditions in this regulations to safeguard the continuity of the ISSTD R conferences to be translated in formal regulations: The local organiser (ISSTD R President) represented by a legal entity (of any kind) is required to present a formal budget to the ISSTD R Conference Support Foundation. The contract contains some agreements on no-liability for a failed conference, seed money, money that is transferred not to be paid back and/or money for a conference in trouble and some practical conditions about payments, settlement of accounts.

Specific points are:

- All seed money should be transferred in Euro's. Seeding money agreed to be EUR 25,000.
- The local organiser has the discretion to retain for the pursuit of STI research a fraction of the profits that must not exceed 50% of the profit or EUR 50,000, whichever is the smaller. In all cases the ISSTDR Support Foundation should keep the ISSTDR Board involved.
- For the Rio de Janeiro meeting, which is a combined ISSTDR and IUSTI meeting too the funds will be distributed as follows: 35% to the International Society for Sexually Transmitted Disease Research Conference Support Foundation as the lead scientific body and in recognition that the ISSTDR only hold meetings biennially. 35% to the Local Organizer, less the total amount of any discounts on registration provided to its members – in recognition that the Local Organizer is assuming the major financial risk. 30% to the International Union against Sexually Transmitted Infections (IUSTI), less the total amount of any discounts on registration provided to its members.

ISSTDR trademark

The board decided in 2013 to file the trademark by using the International Registration system; first file a registration in the Benelux on which an International registration, designating the USA and the European Union, can be based. This International Registration system offers the Foundation the possibility to have our trademark protected in the (85) participating countries for substantially lower fees than normal 'national' application fees. Furthermore, the International Registration system also simplifies greatly the subsequent management of our trademark, since it is possible to record changes or to renew the registration through a single procedural step. This will protect the brand of ISSTDR to ensure its good reputation and the investment gained over twenty meetings for the next ten years. In 2014 the registration as a trademark for the Benelux and EU was completed, but the trademark application has been provisionally refused in the USA that year. After the clarification of some descriptions of the designated services the application was accepted in 2015 and the USA registration procedure has been round-off in 2016.

1.4 Finances in 2016

Expenditures in 2016 were made for hosting and maintenance of the ISSTDR website (EUR 489.99) and the final stage in the registration process of the 'ISSTDR' as a word mark in the United States of America (EUR 151.25).

The credit balance of 2016 was EUR +76.744,72. This brings the total assets to EUR 144,600.08.

The approval of a pledge for scholarships to the organizers of the 22nd Rio de Janeiro meeting is expected to be made in 2017. There was no appeal for the payment of seed money EUR 25,000 yet but also expected in 2017.

1.5 Plans for 2017

It is expected the Foundation will agree with the organizers of the 23rd meeting in Vancouver and takes in consideration how to deal with the combined IUSTI-ISSTDR-meetings based on an evaluation of the specific arrangements made for the 21st combined IUSTI-ISSTDR-meeting.

Effect ICT will keep the current, generic website accessible against the hosting costs so that ISSTDR will be accessible on the internet between two biennial meetings.

The board has spoken in 2013 about the continuation of the generic ISSTDR website that currently acts as a central repository of abstracts from previous meetings and a list of current ISSTDR board members. This was considered by the Foundation board to be valuable and could be further developed. The present website is managed by Effect ICT since the 15th ISSTDR meeting in Amsterdam. The board agreed that a central database for past participants would be very useful and access for new organisers would save both time and resources. This part of the work is delayed, but will be continued in 2017.

1.6 Governance

There is a specific profile of the foundation board, which at the point of nomination of new board members should contain a former chair of the ISSTDR Board, two members of the current ISSTDR Board, a “free” nomination profile and the secretary-treasurer. The latter constitutes in person the linking pin with the (foundation) Aids Fonds – STOP AIDS NOW! - Soa Aids Nederland, which continues to run the financial administration and paper work for the foundation. The rotation schedule of the board members of the foundation means every two year the ISSTDR Board has to nominate/renominate two of the board members of the foundation for a term of four years. This keeps both organisations interconnected. The maximum number of terms is two. In 2016 there were no changes in the board

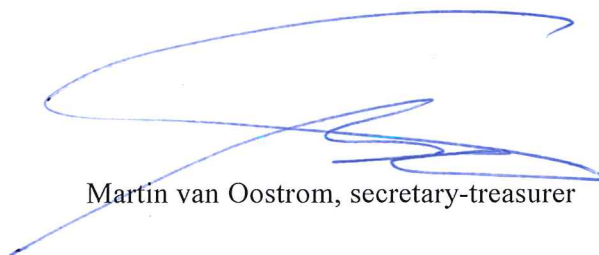

The current rotation schedule is:

Rotation schedule per 31-12-2016	End 1 st Term	End 2 nd Term
Cathy Ison (chair)	01-09-2013	01-09-2017
