

PROGRAM

SUNDAY 13 SEPTEMBER

12.00pm	Registration opens – Plaza Level		
8.30am–10.30am	Symposium: Innovations in program design for sexual and reproductive health (BCEC – Room P1, Plaza Level) <i>Chairs: Sevgi Aral & James Blanchard</i>		
8.30am–9.00am	Enhancing program efficiency of voluntary medical male circumcision for HIV prevention: A novel modelling approach. <i>Suzanne Alwad</i>		
9.00am–9.30am	Achieving maximal health impact with available resources: balancing the science, economics, and politics of HIV. <i>Cliff Kerr</i>		
9.30am–10.00am	Optimizing HIV management strategies through an integrated quantitative/mathematical framework. <i>Babak Pourbohloul</i>		
10.00am–10.30am	MSM Program in Ghana – successful new approaches to improve coverage. <i>Nana Clement</i>		
10.30am–11.00am	Morning Tea in Foyer P1		
11.00am–12.30pm	Symposium: Innovations in program design for sexual and reproductive health (Room P1, Plaza Level) <i>Chairs: Sevgi Aral & James Blanchard</i>		
11.00am–11.30am	Adolescent linkage to STD/HIV Prevention: The role of partnerships, targeting, and tailoring. <i>Patricia Dittus</i>		
11.30am–12.00pm	Assessing programme impact through multiple non-experimental methods: The case of chlamydia screening in England and other stories. <i>Anne Johnson</i>		
12.00pm–12.30pm	Improving quality and efficiency within the English National Chlamydia Screening Programme: using a program science approach to develop a quality care pathway. <i>John Saunders</i>		
12.30pm–1.30pm	Lunch in Foyer P1		
1.30pm–3.00pm	Full congress registration opens – Registration Desk, Foyer Level		
1.30pm–3.00pm	Symposium: Innovations in program design for sexual and reproductive health – Epidemiology Room: P1, Plaza Level <i>Chairs: Sevgi Aral & James Blanchard</i>	Symposium S01 A strategy for HIV/STI prevention in low and middle income countries (Bill and Melinda Gates Foundation) Room: M3 Mezzanine Chairs: <i>Gina Dallabetta & Saul Johnson</i>	Symposium S02 Education about Sex and Relationships: New directions in school and beyond (ASHA) Rooms: M1&2 Mezzanine Chairs: <i>Jayne Lucke & Sarah Hawkes</i>
1.30pm–2.00pm	Spatial epidemiology of HIV infection in sub-Saharan Africa: A methodology for identifying populations at high risk of HIV infection in sub-Saharan Africa. <i>Diego Cuadros</i>	S01.1 HIV and STI Prevention: What is an intervention? <i>James Hargreaves</i> S01.2 Systematic reviews of the efficacy and effectiveness of biological, behavioral and structural HIV prevention interventions. <i>Shari Krishnarame</i>	S02.1 Sex and relationships education in schools: A key component of sexual health promotion. <i>Peter Aggleton</i> S02.2 Religious and faith-based beliefs: A help or a hindrance in sexual health education? <i>Mary Lou Rasmussen</i>

SUNDAY 13 SEPTEMBER

2.00pm– 2.30pm	HIV among people who inject drugs in the Middle East and North Africa: State of the epidemic and epidemic potential. <i>Ghina Mumtaz</i>	2.00pm– 2.15pm	S01.3 Delivery of HIV/STI prevention interventions: prevention cascades. <i>Geoff Garnett</i>	S02.3 Respecting gender and sexual difference to promote sexual health: making schools safe spaces for all. <i>Kerry Robinson</i>
2.30pm– 3.00pm	Venue affiliation networks of newly diagnosed HIV–infected MSM in Baltimore, Maryland. <i>Jacky Jennings</i>	2.15pm– 2.30pm	S01.4 Modelling the cost effectiveness of HIV prevention interventions. <i>Tim Hallett</i>	S02.4 Engaging boys and men as actors in violence prevention. <i>Bonney Corbin</i>
3.00pm– 3.30pm	Afternoon Tea in Foyer P1	2.30pm– 2.45pm	S01.5 The architecture for prevention and the role of targets and indicators. Q&A	S02.5 The politics of pleasure in sexuality education: young people's perspectives. <i>Louisa Allen</i> Q&A
3.30pm– 5.00pm	Afternoon Tea in M1 & M2	3.00pm– 3.30pm	Afternoon Tea in M3	Afternoon Tea in M1 & M2
3.30pm– 4.00pm	One Day Program Science Symposium Room: P1, Plaza Level	3.30pm– 5.00pm	Symposium S03 Global and regional estimates of prevalent and incident STI (WHO) Room: M3 – Mezzanine Level – Chairs: <i>Nicola Low & Nathalie Broutet</i>	
4.00pm– 4.30pm	Mapping and estimating the population size of young women engaged in casual, transactional and formal sex work in Mombasa, Kenya and Dnipropetrovsk, Ukraine. <i>Eve Cheuk</i>	3.30pm– 3.50pm	S03.1 Global and regional estimates of chlamydia, gonorrhoea, trichomoniasis and syphilis in 2012. <i>Sami Gottlieb</i>	
4.30pm– 5.00pm	Using hot spots to target STD prevention and treatment. <i>Kyle Bernstein</i>	3.50pm– 4.10pm	S03.2 Global and regional estimates of HSV2, HSV1 and neonatal herpes for 2012. <i>Katherine Turner</i>	
5.30pm– 6.00pm	Wrap-up – Program Science: New Horizons. <i>Sevgi Aral</i>	4.10pm– 4.30pm	S03.3 STI estimates within the Institute for Health Metrics and Evaluation Global Burden of Disease process. <i>Nick Kassebaum</i>	
6.00pm– 7.00pm	Official Congress Opening – Great Hall 1 – Entry Door 6 Mezzanine Traditional Welcome Ceremony	4.30pm– 4.50pm	S03.4 Future directions for global STI Estimates. <i>Teodora Wi</i>	
7.00pm– 8.30pm	KL – Keynote Lecture Vaccines against STIs: where have we got to? Professor Ian Frazer, CEO and Research Director, Translational Research Institute, QLD, Australia Room: Great Hall 1 – Door 6 – Mezzanine Level and Great Hall 2 – Door 8 – Mezzanine Level Chairs: <i>Basil Donovan & David Lewis</i> Welcome Reception and Poster Viewing – Exhibition Hall 1	4.50pm– 5.00pm	Q&A	

MONDAY 14 SEPTEMBER

7.00am – 7.30am – 9.00am		Registration opens – Conference Foyer	
<p>Roche Integrated Symposium The Power of Knowing: Pursuing Improved Pathways to Better Patient Solutions Room: M3 – Mezzanine Level Welcome and opening comment. <i>Michael Lewinski, PhD, Director of Clinical Research, Roche Molecular Diagnostics, Pleasanton, CA, USA</i> Defining the medical value of molecular and serologic testing of STIs for patient management. <i>Edward Hook III, MD, University of Alabama, USA</i> Diagnosics for chlamydial and gonococcal infections in China: Current status and future perspectives. <i>Chen Xiang-sheng, PhD, Chinese Center for Disease Control, China</i> Sexually Transmitted Infections: Getting worse or getting better? <i>Basil Donovan, MD, Kirby Institute for Infection and Immunity in Society, Australia</i> Closing and Q & A, <i>Michael Lewinski, PhD – Director of Clinical Research, Roche Molecular Diagnostics, Pleasanton, CA, USA</i> <i>Continental breakfast provided</i></p>			
9.15am – 10.45am		<p>PL01 Plenary Session 1 – Great Hall 4 – Door 1 Foyer Chairs: <i>Angelika Stary & William Miller</i></p>	
9.15am – 9.45am		<p>PL01.1 Gollow Lecture: STI and sustainable development in 2015 and beyond <i>Dr Helen Rees, Executive Director, Wits Reproductive Health & HIV Institute and Professor of Obstetrics and Gynaecology, University of Witwatersrand, Johannesburg, South Africa, and Honorary Professor, London School of Hygiene and Tropical Medicine, London, United Kingdom</i></p>	
9.45am – 10.15am		<p>PL01.2 STI and the open access revolution in publishing <i>Dr Virginia Barbour, Executive Officer, Australian Open Access Support Group, Brisbane, Australia, Founding co–editor of PLOS Medicine and Chair of the Committee on Publication Ethics</i></p>	
10.15am – 10.45am		<p>PL01.3 The genomics of <i>Chlamydia trachomatis</i>: A constant surprise <i>Dr Nick Thomson, Faculty and group head, Pathogen Genetics, Wellcome Trust Sanger Institute, Cambridge and Professor of Bacterial Genomics and Evolution, Department of Pathogen Molecular Biology, London School of Hygiene & Tropical Medicine, London, United Kingdom</i></p>	
Morning Tea and Poster Viewing in Exhibition Hall 1			
11.15am – 12.45pm	11.15am – 12.45pm	<p>O01 Spread of antimicrobial resistant gonorrhoea Room: Great Hall 1 – Door 6 Mezzanine Chairs: <i>Amina Hançali & Magnus Unemo</i></p>	<p>O02 Point-of-care STI diagnosis Room: Great Hall 2 – Door 8 Mezzanine Chairs: <i>Charlotte Gaydos & Tania Crucitti</i></p>
11.15am – 11.30am	11.15am – 11.30am	<p>O01.1 Evolution and Spread of Antibiotic Resistant Gonorrhoea. <i>Stephanie Fingerhuth</i></p>	<p>O02.1 Immediate Treatment of Curable Sexually Transmitted and Genital Infections Among Antenatal Women in Papua New Guinea. <i>Steven Badman</i></p>
11.15am – 12.45pm	11.15am – 12.45pm	<p>O03 Extragenital STIs Room: M3 – Mezzanine Chairs: <i>Richard Hillman & William Geisler</i></p>	<p>O03.1 Correlates of repeat anorectal infections among men who have sex with men. <i>Fabian Kong (SSDR Scholarship)</i></p>
11.15am – 12.45pm	11.15am – 12.45pm	<p>O04 Adolescent Sexual Health Room: M1&2 – Mezzanine Chairs: <i>Dennis Fortenberry & Deborah Bateson</i></p>	<p>O04.1 Longitudinal Experiences of Social Support and Sexual Risk in a Sample of Young Black Gay and Bisexual Males. <i>Renata Arrington-Sanders</i></p>
11.15am – 12.45pm	11.15am – 12.45pm	<p>S04 Revealed: Neglected and emerging STIs Room: Great Hall 3 – Door 4 Foyer Level Chairs: <i>David Lewis & Sally Roberts</i></p>	<p>S04.1 Haemophilus ducreyi in “yaws” ulcers in Papua New Guinea. <i>Otol Mitija</i></p>
11.15am – 12.45pm	11.15am – 12.45pm	<p>S05 STIs in vulnerable and high risk populations in the USA (CDC) Room: Great Hall 4 – Door 1 Foyer Level Chairs: <i>Sevgi Aral & Gali Bolan</i></p>	<p>S05.1 Adolescent chlamydia rates adjusted for sexual experience and activity. <i>Patricia Dittus</i></p>
7.30am – 9.00am	7.30am – 9.00am	<p>Y01 Surviving and thriving in STI research: research tools for young investigators (ASTDA/BMJ/CSIRO/Wiley/Taylor & Francis) Room: M1&2, Mezzanine Level Chairs: <i>Kees Rietmeijer & Hamad Ali</i></p>	<p>Y01.1 What is the new editor of Sexually Transmitted Diseases going to do with the journal? <i>William Miller</i></p>
7.30am – 7.50am	7.30am – 7.50am	<p>Y01.2 Inside the world of journal publishing. <i>Ginny Barbour</i></p>	<p>Y01.3 What do funders want to see in a research proposal? <i>Carolyn Deal</i></p>
8.10am – 8.30am	8.10am – 8.30am	<p>Y01.3 Meet the editors: Sexually Transmitted Infections (<i>Jackie Cassell</i>); Sexual Health (<i>Kit Fairley</i>); Culture, Health and Sexuality (<i>Peter Aggleton</i>); Cochrane STI Group (<i>Cindy Farquhar</i>), Sexually Transmitted Diseases (<i>Williams Miller</i>)</p>	

MONDAY 14 SEPTEMBER

11:30am–11:45am	O01.2 Azithromycin-resistant <i>Neisseria gonorrhoeae</i> in Men who have Sex with Men (MSM) in Seattle, Washington: 2014–2015. <i>Matthew Golden</i>	11:30am–11:45am	O02.2 Operational Performance of a New Molecular-Based Point-of-Care Test for Diagnosis of <i>Chlamydia trachomatis</i> and <i>Neisseria gonorrhoeae</i> Infection: Concordance with Conventional Laboratory Testing. <i>Louise Causer (ISSTD Scholarship)</i>	11:30am–11:45am	O03.2 The contribution of <i>Mycoplasma genitalium</i> to the aetiology of sexually acquired proctitis in men who have sex with men. <i>Melanie Bissessor</i>	11:35am–11:55am	O04.2 A Pilot Randomized Controlled Trial of an Inter-Base Computed-Based Intervention for Sexual Health in Adolescents and Young Adults. <i>Taraneh Shafiq</i>	11:30am–11:45am	S04.2 New diagnostics for syphilis and yaws and detection of <i>Haemophilus ducreyi</i> in cutaneous lesions in children. <i>Allan Pillay</i>	11:30am–11:45am	S05.2 Adolescent chlamydia rates adjusted for screening heterogeneity. <i>Lizzi Torrone</i>
11:45am–12:00pm	O01.3 High-Level Azithromycin Resistance in <i>Neisseria gonorrhoeae</i> Clinical Isolates In Nanjing, China, 2013–2014. <i>Xiaohong Su</i>	11:45am–12:00pm	O02.3 Are Rapid Point-of-Care Tests for Syphilis Useful in Outbreak Settings in Remote Australia? – An Experience from the Northern Territory. <i>Jiunn-Yih Su</i>	11:45am–12:00pm	O03.3 The Prevalence of <i>Mycoplasma genitalium</i> and <i>Chlamydia trachomatis</i> at Various Anatomical Sites of Men Who Have Sex with Men in Five Cities of China. <i>Juan Jiang</i>	11:45am–12:00pm	O04.3 Adolescent Care-Seeking Behavior After Notification of Positive Sexually Transmitted Infection Results. <i>Maria Trent</i>	11:45am–12:00pm	S05.3 Calculating risk among men who have sex with men. <i>Kyle Bernstein</i>	12:00pm–12:15pm	S05.4 Potential incongruities in relative measures of disparities in sexually transmitted diseases. <i>Harrell Chesson</i>
12:00pm–12:15pm	O01.4 Recent Rise in Reduced Susceptibility to Ceftriaxone in <i>Neisseria gonorrhoeae</i> Is Not Caused By Strains With A <i>PenA</i> Mosaic Gene. <i>Alje Van Dam</i>	12:00pm–12:15pm	O02.4 Field Evaluation of Standard Diagnostics Duo HIV and Syphilis Test Among Female Sex-Workers in Johannesburg. <i>Vivian Black</i>	12:00pm–12:15pm	O03.4 What explains anorectal chlamydia detection in women: implications for control strategies. <i>Janneke Heijne</i>	11:55am–12:15pm	O04.4 Pill Dumping in Adolescents Receiving a Boosted Protease Inhibitor Regimen as part of Second-Line Antiretroviral Therapy: Experiences from an Urban HIV Clinic. <i>Tunisha Mudzvit (ISSTD Scholarship)</i>	12:00pm–12:15pm	S04.3 What has Ebola virus to do with sexually transmitted infections? <i>Nicola Low</i>	12:15pm–12:30pm	S05.5 Network formation as a determinant of spatial disparity. <i>Ian Spicknall</i>
12:15pm–12:30pm	O01.5 An Australia-wide molecular study of <i>Neisseria gonorrhoeae</i> identifies frequent occurrence of a key cephalosporin resistance mechanism. <i>Ella Trembizki (ISSTD Scholarship)</i>	12:15pm–12:30pm	O02.5 Evaluation of Five Rapid Point-Of-Care Tests for Syphilis: Two Treponemal only, and Three Dual Treponemal / HIV Assays. <i>Yetunde Fakila</i>	12:15pm–12:30pm	O03.5 Clinician-Taken Extra-Genital Samples for Gonorrhoea and Chlamydia in Women Compared with Self-Taken Samples Analysed Separately and Self-Taken Pooled Samples. <i>Janet Wilson</i>	12:15pm–12:35pm	O04.5 The Influence of Sexual Debut on Selected Vaginal, Rectal and Oral Microbiota and Vaginal Inflammatory Markers in Belgian Adolescent Girls: A Cohort Study. <i>Vicky Jespers</i>	12:15pm–12:30pm	S04.4 Trachoma strains in Indigenous Australian populations are variants of urogenital <i>Chlamydia trachomatis</i> . <i>Philip Giffard</i>	12:30pm–12:45pm	Q&A
12:30pm–12:45pm	O01.6 Exploring the benefits of molecular testing for gonorrhoea antibiotic resistance surveillance in remote settings. <i>Ben Hui</i>	12:30pm–12:45pm	O02.6 A Low-Cost Mobile NAAT Platform for <i>Chlamydia trachomatis</i> . <i>Dong Jin Shin (ISSTD Scholarship)</i>	12:30pm–12:45pm	O03.6 Timing of Test of Cure for Anogenital <i>Neisseria gonorrhoeae</i> Infections – A Prospective Cohort Study Using Nucleic Acid Amplification Tests. <i>Carolien Wind (ISSTD Scholarship)</i>	12:35pm–12:45pm	O04.6 High Prevalence of Bacterial Vaginosis among Adolescent Girls Attending Secondary School in Tanzania. <i>Suzanna Francis</i>	12:30pm–12:45pm	Q&A	12:30pm–12:45pm	Q&A

MONDAY 14 SEPTEMBER

Lunch and Poster Viewing in Exhibition Hall 1

1.45pm– 1.45pm	Lunch and Poster Viewing in Exhibition Hall 1																
1.45pm– 3.15pm	O05 Detecting antimicrobial resistance and treatment failure	Room: Great Hall 1 – Door 6 Mezzanine Chairs: David Whitley & Barbara Van Der Pol	1.45pm– 3.15pm	O06 STI therapy: New and old	Room: Great Hall 2 – Door 8 – Mezzanine Chairs: Brad Stoner & Jonathan Ross	1.45pm– 3.15pm	O07 Sexual behaviour and STI in men who have sex with men	Room: M3 – Mezzanine Chairs: Helen Ward & Andrew Grulich	1.45pm– 3.15pm	O08 Violations of human rights in relation to STI and HIV	Room: M1&2 – Mezzanine Chairs: Peter Aggleton & Chavalit Mangkalavirat	1.45pm– 3.15pm	S06 STI vaccines: Advancing the global agenda (WHO)	1.45pm– 3.15pm	S07 Hooking up with new technology: Influences on young people's sexual health (ASHA)	Room: Great Hall 4 – Door 1 Foyer Chairs: Meredith Temple-Smith & Jennifer Walker	
1.45pm– 2.00pm	O05.1 Real-time PCR and Melt Curve Analysis Targeting <i>gyrA</i> gene for Prediction of Ciprofloxacin Resistance in Clinical <i>Neisseria gonorrhoeae</i> Isolates. <i>Peera Hemarajata</i>		1.45pm– 2.00pm	O06.6 High Prevalence of Chlamydia and Gonorrhoea among Patients with Genital Ulcer Disease in Zimbabwe: Potential Implications for Syndromic Management. <i>More Mungati</i>		1.45pm– 2.00pm	O07.1 New and Traditional Notification Tools Improve Partner Notification Outcomes among MSM with Syphilis Infection in Lima, Peru. <i>Jesse Clark</i>		1.45pm– 2.00pm	O08.1 How far violation of bodily rights of women is linked to sexual and reproductive morbidities? A study of India and select states & districts. <i>Ankita Siddhanta (ISSTD Scholarship)</i>		1.45pm– 2.00pm	S06.1 The global roadmap for STI vaccine development: Moving forward. <i>Sami Gottlieb</i>	1.45pm– 2.00pm	S07.1 New technologies and sexual health promotion. <i>Megan Lim</i>		
2.00pm– 2.15pm	O05.2 Diagnostic and Clinical Implications of Genotypic Fluoroquinolone Susceptibility Detection for <i>Neisseria gonorrhoeae</i> . <i>Marcus Pond (ISSTD Scholarship)</i>		2.00pm– 2.15pm	O06.2 High in Vitro Susceptibility to the Novel Spiropyrimidinetriene AZD0914 among 873 Contemporary Clinical <i>Neisseria gonorrhoeae</i> Isolates in 21 European Countries During 2012–2014. <i>Magnus Unemo</i>		2.00pm– 2.15pm	O07.2 Can Human Papillomavirus (HPV) Biomarkers Help Predict Patterns of Anal High-Grade Squamous Intraepithelial Lesion (HSIL) Detection in Homosexual Men? <i>Fengyi Jin</i>		2.00pm– 2.15pm	O08.2 Stigma predicts severity of Major Depressive Disorder in Women Living with HIV in rural India. <i>Anish Cherian</i>		2.00pm– 2.15pm	S06.2 Herpes simplex vaccine development: Pipeline and possibilities. <i>Christine Johnston</i>	2.00pm– 2.15pm	S07.2 Dr Google, Porn or Friend of a Friend? Where do young men get their sexual health information? <i>Amy Litras</i>		
2.15pm– 2.30pm	O05.3 Multiplex Real-Time PCR with High Resolution Melting Analysis for Detecting Resistance Mechanisms in <i>Neisseria gonorrhoeae</i> . <i>Valentina Dona</i>		2.15pm– 2.30pm	O06.3 Host-Directed Therapeutics as Adjunctive Therapy for Antibiotic-Resistant <i>Neisseria gonorrhoeae</i> . <i>Isabelle Leduc</i>		2.15pm– 2.30pm	O07.3 Detection of Hepatitis C Virus (HCV) in Semen From HIV-Infected Men Who Have Sex With Men (MSM) During Acute HCV Infection. <i>Samuel Turner (ISSTD Scholarship)</i>		2.15pm– 2.30pm	O08.3 Overlapping HIV and sex work stigma: Experiences from 14 sites across Zimbabwe. <i>Shari Krishnaratne</i>		2.15pm– 2.30pm	S07.3 Facilitating sexual health: Why do 12–16 year olds attend a rural sexual health clinic? <i>Jane Tomney</i>	2.15pm– 2.30pm			
2.30pm– 2.45pm	O05.4 Multiplex assay for simultaneous detection of <i>Mycoplasma genitalium</i> and macrolide resistance using PASS MNzyme qPCR <i>Sepehr Tabrizi</i>		2.30pm– 2.45pm	O06.4 Azithromycin Versus Doxycycline for Urogenital Chlamydia: A Randomized Clinical Trial in Females and Males in Youth Correctional Facilities. <i>William Geisler</i>		2.30pm– 2.45pm	O07.4 Incident HIV Associated with Rectal Gonorrhoea (GC) and Chlamydia (CT) Independent of Sexual Behaviors in Men who have Sex with Men (MSM). <i>Matthew Golden</i>		2.30pm– 2.45pm	O08.4 The ISEAN HIV Stigma and Discrimination Study (SADS) in Health Care Settings (SADS-HCS-2015) in South East Asia Island Countries – Initial Findings From Indonesia. <i>Loyd Brendan P. Norella</i>		2.30pm– 2.45pm	S06.3 <i>Chlamydia trachomatis</i> vaccine development: New tools bring new hope. <i>Peter Timms</i>	2.30pm– 2.45pm	S07.4 Better, sooner, more convenient: Increase of youth friendliness of Family Planning Services in New Zealand. <i>Rose Stewart</i>		

MONDAY 14 SEPTEMBER

2.45pm–3.00pm	O05.5 <i>Treponema pallidum</i> Strain-Types in Australia and Association with Macrolide Resistance. <i>Philip Read</i>	2.45pm–3.00pm	O06.5 Periodic presumptive treatment for vaginal infections may reduce chlamydia and gonorrhoea incidence: A secondary analysis from the Preventing Vaginal Infections trial. <i>Jennifer Balkus</i>	2.45pm–3.00pm	O07.5 Sexual Risk Behaviour and Sexually Transmitted Diseases among Men Who Have Sex with Men Participating in a Pre-Exposure Prophylaxis Demonstration Project. <i>Stephanie Cohen</i>	2.45pm–3.00pm	O08.5 Our Voices, Our Communities, Our Rights. <i>Ken Moala (ISSDR Scholarship)</i>	2.45pm–3.05pm	S06.4 New technology innovations and <i>Neisseria gonorrhoeae</i> vaccine development. <i>Scott Gray–Owen</i>	2.45pm–3.00pm	S07.5 Sociocultural context and sexual health information among adolescents and young adults. <i>Jami Leichter</i>
3.00pm–3.15pm	O05.6 Distinct growth and genome profiles are present in clinical isolates from women who fail to resolve genital chlamydia infection after Azithromycin treatment. <i>Wilhelmina Huston</i>	3.00pm–3.15pm	O06.1 The efficacy of pristinamycin for <i>Mycoplasma genitalium</i> an increasing multidrug resistant pathogen. <i>Catriona Bradshaw</i>	3.00pm–3.15pm	O07.6 Role of Minority Stress in Health–Risk Behaviors Among Young MSM & TGs in India. <i>Satpathy Maheswar</i>	3.05pm–3.15pm	O08.6 The Gendered Influence of Stigma on HIV Testing Behavior: Results from a Population-Based Survey of Women and Men in Rwanda. <i>James Hargreaves</i>	3.00pm–3.15pm	S07.6 STI vaccines: A call to action. <i>Helen Rees</i>	3.00pm–3.15pm	Q&A
<p>Afternoon Tea and Poster Viewing in Exhibition Hall 1</p>											
3.15pm–3.45pm	<p>PL02 Plenary Session 2 – Great Hall 4 – Door 1 Foyer Chairs: <i>Mauro Romero Passos & Jackie Jennings</i></p>										
3.45pm–4.15pm	<p>PL02.1 Falling between the gaps: An overview of issues for Aboriginal and Torres Strait Islander women who want to be sexually healthy. <i>Dr Kerry Arabena, Professor of Indigenous Health and Director, Indigenous Health Equity Unit, Centre for Health Equity, Melbourne School of Population and Global Health, University of Melbourne, Melbourne, Australia</i></p>										
4.15pm–4.45pm	<p>PL02.2 The complex puzzle of BV and STI interactions <i>Dr Scott McClelland, Professor of Allergy and Infectious Diseases, School of Medicine, University of Washington, Seattle, USA</i></p>										
4.45pm–5.15pm	<p>PL02.3 Syphilis elimination in China <i>Dr Yang Bin, Dean of Guangdong Provincial Dermatology Hospital / Director of Guangdong Provincial Centers for Skin Diseases and STI Control, and Professor, Jinan University, Guangdong Medical College, and Anhui Medical University, China</i></p>										
5.15pm–6.45pm	<p>Evening Satellite – Cepheid The Use of Rapid Diagnostics to Transform the Management of STDs <i>It's all about optimising patient care</i> <i>Moderator: Dr. Dave Persing, Chief Medical and Technology Officer, Cepheid</i> <i>New CDC Guidelines and the Emerging Need for Rapid CT/NG Testing, Prof. Edward Hook University of Alabama at Birmingham, USA</i> <i>Live Demonstration: Rapid STI Screening with Xpert® CT/NG*, Dean Street Express: An Innovative Model of Sexual Health Care, Dr. Alan McOwan & Mr. Leigh Chislett Dean Street Express Clinic, Chelsea and Westminster NHS Trust, UK</i> <i>Use of Molecular Point-of-Care Tests to Reduce Sexually Transmissible Infections in a High Burden Setting, Dr. Rebecca Guy Kirby Institute, Sydney, Australia</i> Panel Discussion</p>										
5.15pm–6.45pm	<p>S08 Changing the trajectory of three related epidemics – HIV, viral hepatitis and sexually transmitted infections – through new global health sector strategies <i>Chair: Helen Rees & David Lewis</i></p>										
5.15pm–5.35pm	<p>S08.1 WHO global highlights and challenges in relation to HIV, hepatitis and STIs. <i>Nathalie Broutet</i></p>										
5.35pm–5.55pm	<p>The 'What' and the 'How': Defining an essential package for maximum impact across full continuum and leveraging combination interventions. <i>Graeme Barden</i></p>										
5.55pm–6.15pm	<p>S08.3 Ensuring equity, realising rights, and promoting evidence: How can the new WHO strategies respect principles of equity and justice and still be effective? <i>Sarah Hawkes</i></p>										
6.15pm–6.35pm	<p>S08.4 What is "sustainable": The costs and cost-savings of strategies to expand services. <i>Jim Kahn</i></p>										
6.35pm–6.45pm	<p>Q&A</p>										
<p>ASHA Social Function – Hospitality Lounge – Exhibition Hall 1</p>											
6.00pm–8.00pm											

TUESDAY 15 SEPTEMBER

11:45am–12:00pm	O09.3 Reliable genotypic tropism tests for the major HIV-1 subtypes. <i>Kieran Cashin</i>	11:45am–12:00pm	O10.3 Low effectiveness of syndromic diseases management in women infected with <i>Chlamydia trachomatis</i> , <i>Trichomonas vaginalis</i> and <i>Neisseria gonorrhoeae</i> leads in Delhi India <i>Subash Sonkar (ISSTD ScholarShip)</i>	11:45am–12:00pm	O11.3 <i>Trichomonas vaginalis</i> risk and cofactors among peripartum Kenyan women: protective association with male partner circumcision. <i>Jillian Pintye (ISSTD Scholarship)</i>	11:45am–12:00pm	O12.3 Multicultural Survey – 20 Years On: Trends in Chinese and Thai Female Sex Worker Demographics and Sexual Health in Sydney. <i>Caroline Thng</i>	11:45am–12:00pm	S09.3 The impact of screening on chlamydia transmission in Australia – a mathematical modelling study. <i>David Regan & Ben Hui</i>	11:45am–12:00pm	S10.3 STI control in China: What accounts for political priorities? <i>Flora Wu</i>
12:00pm–12:15pm	O09.4 Estimating HSV-2 Superinfection using a Novel Custom Genotyping Platform. <i>Christine Johnston</i>	12:00pm–12:15pm	O10.4 Performance of Self-collected penile swabs for the detection of <i>Chlamydia trachomatis</i> , <i>Neisseria gonorrhoeae</i> , and <i>Mycoplasma genitalium</i> . <i>Charlotte Gaydos</i>	12:00pm–12:15pm	O11.4 Place and Core Transmitters – Implications for the Targeted Control of STI Transmission in Urban Areas. <i>Jackie Jennings</i>	12:00pm–12:15pm	O12.4 Impact and Cost-Effectiveness of HIV Prevention Interventions Among Transgender Women Sex Workers in Lima, Peru Using Mathematical Modelling Informed By Stakeholder Analysis and Health-System Capacity Evaluation. <i>Tim Hallett</i>	12:00pm–12:15pm	S09.4 What does ACCEPT mean for chlamydia control policy? <i>Helen Ward</i>		
12:15pm–12:30pm	O09.5 Isolation and Amplification of Treponemal DNA for Whole Genome Sequencing Directly from the Patient Sample. <i>Linda Grillova (ISSTD Scholarship)</i>	12:15pm–12:30pm	O10.5 Rapid Diagnosis of <i>Trichomonas vaginalis</i> by Testing Vaginal Swabs in an Isothermal Helicase-Dependent AmpliVue Assay. <i>Max Chernesky</i>	12:15pm–12:30pm	O11.5 Incorporating Spatial Variability to Generate Sub-National Estimates of HIV Prevalence. <i>Diego Cuadros</i>	12:15pm–12:30pm	O12.5 Behavioural interventions improve condom use and HIV testing uptake among female sex workers in China: A systematic review and meta-analysis. <i>Eric Chow</i>	12:15pm–12:30pm	Q&A		
12:30pm–2:00pm	ASTDA Luncheon – Plaza Terrace Room, Plaza Level Distinguished Career Award: Anna Wald, MD, MPH Achievement Award: Jeanne Marrazzo, MD, MPH Young Investigator Award: Robert Kirkcaldy, MD, MPH Lunch and Poster Viewing in Exhibition Hall 1										
12:30pm–2:00pm	IUSTI World General Assembly – Hospitality Lounge, Exhibition Hall 1 Mezzanine										
2:00pm–3:30pm	O13 Vaginal health and the microbiome Room: Great Hall 1 – Door 6 Mezzanine Chairs: Anna Wald & Jørgen Jensen	2:00pm–3:30pm	O14 Increasing access to and uptake of sexual health care Room: Great Hall 2 – Door 8 Mezzanine Chairs: Angelica Espinosa Miranda & Edward Hook III	2:00pm–3:30pm	O15 Chlamydia infections Room: Great Hall 3 – Door 4 Foyer Chairs: Max Chernesky & Julius Schachter	2:00pm–3:30pm	O16 HPV Vaccination: Hits and misses Room: M1 & 2 – Mezzanine Chairs: Shailendra Sawleshwarkar & Elizabeth Torrone	2:00pm–3:30pm	S11 Molecular aspects of antimicrobial resistant <i>Neisseria gonorrhoeae</i> Room: Great Hall 4 – Door 1 Foyer Chairs: Monica Lahra & William Shafer	2:00pm–3:30pm	S12 Sexual health issues for Indigenous youth in Australia and New Zealand Room: Plaza Terrace Room, Plaza Level Chairs: Andrew Valley & Jami Leichter

TUESDAY 15 SEPTEMBER

2.00pm–2.15pm	O13.1 The Broad Diversity of Cultivable Microbiota in Pregnant Women and the Detection of Novel Organisms. <i>Sharon Hillier</i>	2.00pm–2.15pm	O14.1 Is an automated online clinical care pathway for people with genital chlamydia (Chlamydia-OCCP) within an esexual health clinic feasible and acceptable? <i>Claudia Estcourt</i>	2.00pm–2.15pm	O15.1 Sensitive Detection of <i>Chlamydia trachomatis</i> Pgp3 Antibody Demonstrates Persistence and Correlates with Self-Reported Infection and Behavioural Risks in a Blinded Cohort Study. <i>Paddy Horner</i>	2.00pm–2.15pm	O16.5 Health Care Attendance among Aboriginal Youth Aged 15–9 Years Provides Opportunities to Improve Human Papilloma Virus (HPV) Vaccination Coverage. <i>Marlene Kong</i>	2.00pm–2.10pm	S11.1 Real-time PCR detection of <i>N. gonorrhoeae</i> resistance: where are we now? <i>David Whitley</i>	2.00pm–2.10pm	The epidemiology of STIs in young indigenous people in Australia and New Zealand. <i>James Ward</i>
2.15pm–2.30pm	O13.2 Hormonal Contraception is Associated with Stability and Lactobacillus-Dominance of the Vaginal Microbiota in a Two-Year Observational Study. <i>Rebecca Brotman</i>	2.15pm–2.30pm	O14.2 Good Call! Implementation of a Regional Online and Toll-Free STD Clinical Consultation Program. <i>Kees Rietmeijer</i>	2.15pm–2.30pm	O15.2 Combined Detection of Chlamydia, Gonorrhoea and Trichomonas using the BD MAXTM CT/GC/TV Assay. <i>Barbara Van Der Pol</i>	2.15pm–2.40pm	O16.1 The rapid and near elimination of human papillomavirus (HPV) type 6, 11, 16 and 18 among young high-risk women within three years of the national HPV vaccination programme in Australia: Findings from a 10-year cross-sectional study. <i>Eric Chow</i>	2.10pm–2.25pm	S12.1 What do young Indigenous people tell us about sexual health? Finding from two national surveys in Australia and New Zealand. <i>Terrynn Clark</i>	2.25pm–2.40pm	Supporting primary health services to address high rates of sexually transmissible infections; findings from the STRIVE trials. <i>James Ward</i>
2.30pm–2.45pm	O13.3 The Impact of Vaginal Bacterial Biofilm on Intra-vaginal Rings. <i>Liselotte Hardy (ISSTDR Scholarship)</i>	2.30pm–2.45pm	O14.3 Referring Clinic Turn-Aways to British Columbia's Internet-Based Testing Program Getcheckedonline to Increase Capacity for Timely STI/HIV Testing. <i>Devon Haag</i>	2.30pm–2.45pm	O15.3 High Chlamydia Treatment Failure Rates in Men Who Have Sex With Men. <i>Kirsty Smith (ISSTDR Scholarship)</i>	2.30pm–2.45pm	O16.2 Evidence, Politics and Cultures in Policymaking: Policy Analysis of HPV Vaccine Introduction in India. <i>Sathyarayanan Tansetty (ISSTDR Scholarship)</i>	2.40pm–2.55pm	S11.3 Use of whole genome sequencing to determine the probability of antimicrobial resistance in <i>N. gonorrhoeae</i> . <i>David Trees</i>	2.40pm–2.55pm	TTANGO (Test, Treat and Go): use of molecular point-of-care tests to detect and treat sexually transmissible infections in young Aboriginal people in remote communities <i>Corrine Swann and Rebecca Guy</i>
2.45pm–3.00pm	O13.4 Cervicovaginal microbiome dysbiosis is associated with proteome changes related to alterations of the cervico-vaginal mucosal barrier. <i>Hanneke Borgdorff (ISSTDR Scholarship)</i>	2.45pm–3.00pm	O14.4 Home-Based Specimen Collection for <i>Chlamydia trachomatis</i> and <i>Neisseria gonorrhoeae</i> Testing Does Not Improve Clinical Management Outcomes: Systematic Review. <i>Nicola Low</i>	2.45pm–3.00pm	O15.4 Azithromycin treatment failure in women infected with genital chlamydia infection. <i>Jane Hocking</i>	3.00pm–3.20pm	O16.3 HPV vaccine introduction in Thailand. <i>Worrawan Klinsupa.</i>	2.55pm–3.10pm	Molecular methods for <i>N. gonorrhoeae</i> antimicrobial resistance prediction, epidemiology and public health – future perspectives. <i>Magnus Unemo</i>	2.55pm–3.10pm	Capacity building of young Aboriginal health workers in health promotion improves the sexual health of their peers. <i>Marlene Kong</i>
3.00pm–3.15pm	O13.5 Association Between Dietary Intake and Dysbiotic Vaginal Microbiota. <i>Susan Tuddenham</i>	3.00pm–3.15pm	O14.6 Attributes of Diagnostic Tests to Increase Uptake of Testing For Syphilis and HIV in Port-Au-Prince, Haiti. <i>Jeff Klausner</i>	3.00pm–3.15pm	O15.5 The Natural History of <i>Chlamydia trachomatis</i> Infection in Women: A Multi-Parameter Evidence Synthesis. <i>Malcolm Price</i>	3.00pm–3.15pm	O16.4 The Estimated Impact and Cost-Effectiveness of Nonavalent HPV Vaccination in the United States. <i>Harrell Chesson</i>	3.10pm–3.30pm	Moderated Panel Discussion	3.10pm–3.30pm	
3.15pm–3.30pm	O13.6 Sensitive Detection of <i>Chlamydia trachomatis</i> Pgp3 Antibody Demonstrates Persistence and Correlates with Self-Reported Infection and Behavioural Risks in a Blinded Cohort Study. <i>Martin Nelson</i>	3.15pm–3.30pm	O14.5 Blind Spot on Heterosexual Men? Multiple Pathways to STI Care Among Men in Malawi. <i>Sarah Hawkes</i>	3.15pm–3.30pm	O15.6 Impact of The LNG-IUS on Cervical Persistence of <i>Chlamydia trachomatis</i> and Vaginal Microbiota in a Baboon Model. <i>Jason Bell</i>	3.20pm–3.30pm	O16.6 General Practitioner Awareness of Sexual Orientation in a Community and Internet Sample of Gay and Bisexual Men in New Zealand: Implications for HPV Vaccination. <i>Adrian Ludlam (ISSTDR Scholarship)</i>	O&A			

TUESDAY 15 SEPTEMBER

3.30pm–4.00pm	Afternoon Tea and Poster Viewing in Exhibition Hall 1	
4.00pm–5.30pm	PL04 Plenary Session 4 – Great Hall 4 – Door 1 Foyer Chairs: <i>Tom Quinn & Roy Chan</i>	
4.00pm–4.30pm	PI04.1 Male circumcision for STI prevention – how well does it work and how is it done? <i>Dr Kawango Agot, Professor, University of Nairobi and CEO, Impact Research & Development Organization, Kenya</i>	
4.30pm–5.00pm	PI04.2 Where are the men? STI and sexual health services for men <i>Dr Ravi Verma, Regional Director and Madhumita Das, International Centre for Research on Women, New Delhi, India</i>	
5.00pm–5.30pm	PL04.3 Sexually transmitted infections in men who have sex with men <i>Dr Henry J C de Vries, Professor of Skin Infections, STI outpatient clinic, Public Health Service Amsterdam, Department of Dermatology, and CINIMA, Academic Medical Center, University of Amsterdam, and Centre for Infectious Diseases Control, National Institute for Public Health and the Environment (CIb/RIVM), Bilthoven, The Netherlands</i>	
5.30pm–8.00pm	5.30pm – 8.00pm Satellite Session: Community PrEP Forum by the HIV Foundation QLD Room: M1&2 Mezzanine Facilitator: <i>Heath Paynter</i>	S13 Microbiome of the genital tract, host immune responses and STI interactions Room: Plaza Terrace Room, Plaza Level Chairs: <i>Jo–Ann Passmore & David Martin</i>
5.30pm–6.00pm	Refreshments served outside the room	S13.1 Population differences and temporal dynamics in the vaginal microbiota, rethinking health and diseases, and related to bacterial vaginosis. <i>Jacques Ravel</i>
6.00pm–6.10pm	Opening – <i>Dr Jeannette Young, Chief Health Officer</i> Welcome to Country – <i>Aunty Carol Currie</i>	S13.2 Genital immunology, the microbiota and HIV transmission <i>Rupert Kaul</i>
6.10pm–6.40pm	Hear how PrEP has changed HIV in San Francisco from the man who led the way: <i>Professor Bob Grant</i>	S13.3 Penile microbiota. <i>Cindy Liu</i>
6.40pm–6.55pm	What is it like to be on PrEP? <i>Presenter TBC</i>	S13.4 The vaginal microbiome and STI. <i>Janneke van de Wijgert</i>
6.55pm–7.05pm	PrEP in Australia and Queensland 2015 <i>Dr Darren Russell</i>	Q&A
7.05pm–8.00pm	Your questions answered – Panel: <i>Professor Bob Grant, Dr Darren Russell, Dr Fiona Bishop, Mr Heath Payne, Presenter TBC</i>	

WEDNESDAY 16 SEPTEMBER

6:30am	Registration opens					
7:00am – 8:45am	<p>ART perspectives symposium breakfast session sponsored by Viiv Healthcare Room: M3, Mezzanine Level</p> <p>Penelope Lowe Trainee Breakfast Room: M1 & M2 Mezzanine Level</p> <p>The Australian Sexual Health and HIV Nurses Association (ASHHNA) Breakfast - sponsored by Gilead Rydges Hotel, accessible from Plaza Level, Brisbane Convention Centre</p>					
9:00am – 10:45am	<p>PL05 World STI & HIV Congress Plenary Session 5 and Opening Plenary Australasian HIV&AIDS Conference 2015 - supported by the Department of Health Australia Room: Great Hall 4, Door 1 Foyer (Overflow: Great Hall 1, Door 6) Chairs: Charles Gilks & Jeanne Marrazzo</p>					
9:00am – 9:05am	<p>Welcome to Country Aunty Carol Currie, Traditional owner, Jagera</p>					
9:05am – 9:06am	<p>Conference Convener Welcome Professor Charles Gilks, Head of School & HIV/STI Prof Chair, School of Public Health, Faculty of Medicine and Biomedical Sciences, University of QLD, Australia</p>					
9:06am – 9:11am	<p>Welcome Hon Cameron Dick MP, Minister for Health, Minister for Ambulance Services, QLD, Australia</p>					
9:11am – 9:15am	<p>Welcome to Australian HIV Conference on behalf of people with HIV and HIV NGO Sector: Robert Mitchell, President, NAPWA, National Association of people with HIV Australia, Bridget Haire, President, AFAO, Australian Federation of AIDS Organisations</p>					
9:15am – 9:45am	<p>PL05.1 Treatment to prevent HIV: does timing matter? Professor Myron S. Cohen, Associate Vice Chancellor for Global Health, Yeagan-Bate Distinguished Professor of Medicine, Microbiology and Immunology, University of North Carolina at Chapel Hill, USA</p>					
9:45am – 10:15am	<p>PL05.2 Why STI-associated genital tract inflammation still matters in HIV transmission Dr. Jo-Ann Passmore, Associate Professor, Institute of Infectious Disease and Molecular Medicine (IDM), University of Cape Town, Centre for the AIDS Programme of Research in South Africa (CAPRSA), National Health Laboratory Service, South Africa</p>					
10:15am – 10:45am	<p>PL05.3 HIV and Syphilis: a syndemic with no end in sight Dr. Khalil Ghanem, Associate Professor of Medicine, Johns Hopkins University School of Medicine, Baltimore, USA</p>					
10:45am – 11:15am	<p>Morning Tea and Poster Viewing in Exhibition Hall 1</p>					
11:15am – 12:45pm	<p>O17 Advances in HIV and HTLV-1 Room: Great Hall 1 - Door 6 Mezzanine Chairs: Tony Cunningham & John Saunders</p>	<p>O18 HIV and Women's Health Room: Great Hall 2 - Door 8 Mezzanine Chairs: Jackie Cassell & Rebecca Guy</p>	<p>O19 Evaluating PREP and HIV treatment as prevention in Australia Room: Great Hall 3 - Door 4 Foyer Chairs: William Smith & Edwina Wright</p>	<p>O20 HIV Transmission in MSM Room: Great Hall 4 - Door 1 Foyer Chairs: Henry de Vries & David Cooper</p>	<p>S14 Causal interactions among structural, behavioural and biological drivers of STD/HIV epidemics Room: M3 - Mezzanine Chairs: Sevgi Aral & Catriona Bradshaw</p>	<p>S15 Multipurpose Technologies (MPTs): Developing interventions to simultaneously prevent STIs, HIV and pregnancy (WHO/IMPT/ASHA) Room: M1&2-Mezzanine Chairs: Anke Hemmerling & Carolyn Deal</p>
11:15am – 11:30am	<p>O17.1 Histone Deacetylase Inhibitors Alter the Accumulation of Cell-Associated Spliced HIV MRNA – Implications for Reactivating the Reservoir Talia Mota (ISSTD Scholarship)</p>	<p>O18.1 Prevalence and Factors Associated with Modern Contraceptive use among HIV - Positive Women Aged 15–49 Years in Kilimanjaro Region, Northern Tanzania Damian Jeremia (ISSTD Scholarship)</p>	<p>O19.1 Preexposure Prophylaxis of HIV (PrEP): Utilisation Estimates in Australia Iryna Zablotska</p>	<p>O20.1 The Challenges of Diversity: HIV-1 Subtype Distribution and Transmission Networks within the Australian Moleculer Epidemiology Network-HIV 2005-2012 Alison Castley (ISSTD Scholarship)</p>	<p>S14.1 Transitions around sex work and their significance in STI/HIV epidemics Marissa Becker</p>	<p>S14.1 Transitions around sex work and their significance in STI/HIV epidemics Marissa Becker</p>
11:15am – 11:35am	<p>S14.1 Transitions around sex work and their significance in STI/HIV epidemics Marissa Becker</p>					
11:15am – 11:35am	<p>S14.1 Transitions around sex work and their significance in STI/HIV epidemics Marissa Becker</p>					

WEDNESDAY 16 SEPTEMBER

11:30am–11:45am	O17.2 Characterizing Clade-Specific Virus-Host Interactions in HIV Infected Clinically Asymptomatic and AIDS Presenting Subjects <i>Abhilasha Mathur</i>	11:30am–11:45am	O18.2 Injectable Progestin Contraception and Acquisition of HSV-2 Infection among South African Women Participating in the VOICE Trial <i>Lisa Noguuchi</i>	11:30am–11:45am	O19.2 Pre-exposure Prophylaxis and Risk Compensation: Evidence of Decreased Condom use at Three-month Follow-up Among Predominantly Gay Male Participants in the VicPREP Study <i>John de Wit</i>	11:30am–11:45am	O20.2 HIV-1 Sequence Diversity and Transmission Networks in Western Australia from 2000-2014, and their Impact on Baseline Clinical Characteristics <i>Alison Castley (ISSTD Scholarship)</i>	11:30am–11:45am	S14.2 Age, sexual experience and mucosal inflammation: What do we know? <i>Lyle McKinnon</i>	11:35am–11:55am	S15.2 Global mapping of STIs, HIV and unplanned pregnancy: Where do these epidemics intersect? <i>Erin Schelar</i>
11:45am–12:00pm	O17.3 IL-4/IL-13 Inhibitor Vaccines Induce Protective Immunity by Modulating Innate Lymphocytic, Dendritic and Macrophage Cell Subsets at the Vaccination Site <i>Charani Ranasinghe</i>	11:45am–12:00pm	O18.3 Adolescents in South Africa and Assessment of HIV Risk: Knowing Who We Are Trying to Protect <i>Shaun Barnabas (ISSTD Scholarship)</i>	11:45am–12:00pm	O19.3 Pills, Pleasure and Privacy: Early Experiences of Pre-Exposure Prophylaxis among Men in the VicPREP Study <i>John de Wit</i>	11:45am–12:00pm	O20.3 HIV Transmission in Male Serodiscordant Couples in Australia, Thailand and Brazil <i>Ben Bavinton</i>	11:45am–12:15pm	S14.3 Immune activation, gene expression and HIV acquisition risk <i>Keith Fowke</i>	11:55am–12:15pm	S15.3 Making the case for MPTs: Prevention of infertility and other STI sequelae <i>Okeoma Mmeme</i>
12:00pm–12:15pm	O17.4 Development and Validation of a Human T-Cell Lymphotropic Virus Type-1 Proviral Load Assay <i>Kim Wilson</i>	12:00pm–12:15pm	O18.4 Sex Differences in HIV Knowledge, Testing Behaviors, and Decision Making Influences in Rural Malawi <i>Alison Norris</i>	12:00pm–12:15pm	O19.4 Awareness and Interpretation of the Ending HIV Campaign and Changing Attitudes About Treatment as Prevention in an Online Cohort Of MSM. <i>Jason Asselin</i>	12:00pm–12:15pm	O20.4 Transmission Risk Beliefs Influence Sexual Risk Behavior of HIV-Positive MSM <i>Hong-Ha Truong</i>	12:00pm–12:15pm	S14.4 Phylogenetics and transmission patterns	12:15pm–12:35pm	S15.4 The unmet need and potential application of MPTs for rectal use: Implications for women and MSM at risk of STIs and HIV <i>Bridget Haire</i>
12:15pm–12:30pm	O17.5 Increased Herpes Simplex Virus-2 Shedding in HIV-1 Infected Persons is due to Poor Immunologic Control in both Ganglia and Genital Mucosa <i>Joshua Schiffer</i>	12:15pm–12:30pm	O18.5 Examining HPV prevalence and uptake of cervical cancer screening among HIV positive and negative women participating in a pilot RCT in Uganda comparing self-collection based HPV testing to VIA <i>Sheona Mitchell-Foster</i>	12:15pm–12:30pm	O19.5 Does 'Treatment as Prevention' Jeopardise Condom use Amongst Gay Men? An Analysis of Gay Men's Attitudes in NSW over Two Years <i>Karen Price</i>	12:15pm–12:30pm	O20.5 Trends in Undiagnosed HIV and HIV Testing Behaviour in Community Samples of Men Who Have Sex With Men in London, UK: Results From Repeat Cross-Sectional Surveys Between 2000-2013 <i>Sonali Woyal</i>	12:15pm–12:45pm	S14.5 Discussion: What does the mega model look like? <i>James Blanchard</i>	12:35pm–12:45pm	Q&A
12:30pm–12:45pm	Q&A	12:30pm–12:45pm	O18.6 A Method to Estimate the National Prevalence of HIV-Infection Among Female Sex Workers in Zimbabwe by Pooling Data from Multiple Respondent Driven Sampling Surveys and Programme Consultations <i>Elizabeth Fearon</i>	12:30pm–12:45pm	Q&A	12:30pm–12:45pm	O20.6 First Forced Sex and Sexual Behaviour Affecting Prevalence of HIV/AIDS among MSM in South India <i>Rakesh Singh (ISSTD Scholarship)</i>	12:30pm–12:45pm	Q&A		

WEDNESDAY 16 SEPTEMBER

12:45pm-1:45pm		Lunch and Poster Viewing in Exhibition Hall 1	
12:45pm-1:30pm		The Kirby Institute and Centre for Social Research in Health Surveillance Reports Information Session Room: M1 & 2, Mezzanine	
12:45pm-1:30pm		Film and Panel - Poz and Neg Action on PrEP: breaking down the stigma Hospitality Lounge, Exhibition Hall 1	
1:45pm-3:15pm	O21 HIV and Co-morbidity	1:45pm-3:15pm	Ending Hepatitis C in Populations Room: Great Hall 2 - Door 8 Mezzanine Chairs: Graham Nielsen & Winnie Tong
1:45pm-2:00pm	HIV and CVD - do we really understand the risk? Dr Patrick (Paddy) Mallon, Associate Dean for Research and Innovation, School of Medicine and Medical Science, University College Dublin (UCD), Ireland	1:45pm-2:00pm	Control and Eradication within Australia of Hepatitis C from people living with HIV: the CEASE project Associate Professor Gail Matthews, NHMRC fellow, Viral Hepatitis Clinical Research Program, The Kirby Institute, Sydney, NSW, Australia
2:00pm-2:15pm	O21.1 Platelet Derived Soluble Glycoprotein VI Decreases Prior to Coronary Event in HIV Positive Patients Janine Trevelyan	2:00pm-2:15pm	HCV treatment as SToP-C study Professor Gregory Dore, Head, Viral Hepatitis Clinical Research Program, Kirby Institute, UNSW, Infectious Diseases Physician, St Vincent's Hospital, Sydney, NSW, Australia
2:15pm-2:30pm	O21.2 One Profile or Many? Plasma Biomarkers CXCL10, sCD163 and sCD14 Reveal Distinct Associations with HIV Treatment Response, Choice of Treatment Regimen, and Cardiovascular Risk Factors David Nolan	2:15pm-2:30pm	Treatment and prevention to eliminate hepatitis C: The TAP Study Professor Margaret Hellard, Head, Centre for Population Health, Burnet Institute; Head, Hepatitis Services, Infectious Diseases Unit, The Alfred Hospital; Adjunct Professor, Infectious Diseases Epidemiology, Monash University, Melbourne, VIC, Australia
1:45pm-3:15pm	O23 HIV Epidemiology and Prevention	1:45pm-3:15pm	Room: Great Hall 3 - Door 4 Foyer Chairs: Lisa Manhart & John Kaldor
1:45pm-2:00pm	O23.1 Decreases in HIV prevalence in patients attending an inner-city emergency department over a decade correlate with trends in HCV but not HSV-2 Thomas Quinn	1:45pm-2:00pm	Randomised Controlled Trial Of A Complex Intervention To Improve School-Based HPV Vaccination For Adolescents: The HPV. EDU Study Cristyn Davies
1:45pm-2:05pm	S16 Sexually Transmitted Infections and HIV in Pregnancy	1:45pm-2:05pm	Room: M3 - Mezzanine Chairs: Jeffrey Klausner & Mary Kamb
1:45pm-2:05pm	S16.1 Eliminating mother to child transmission of HIV and syphilis Maria Lantero	1:45pm-2:05pm	LB Late Breaker Session Room: Great Hall 4 - Door 1 Foyer Chairs: Hunter Handfield & Anne Johnson
1:45pm-2:05pm	S17 HPV and HIV: New Evidence on the Infection Risks and Strategies to Prevent HPV-related Disease among HIV-infected People	1:45pm-2:05pm	LB1.1 Pilot study of immediate antiretrovirals and behavioral intervention for persons with acute HIV infection: Opportunity for interrupting transmission William Miller
1:45pm-3:15pm	Room: M1 & 2 - Mezzanine Chairs: Craig Cohen & Richard Hillman	1:45pm-3:15pm	LB1.2 The Impact of HPV Vaccination On Genital Warts in Aboriginal Australians: Analysis of National Data Hamad Ali
2:05pm-2:25pm	S17.1 The evaluation of screening, treatment and vaccination of HIV-infected women Jennifer Smith	2:05pm-2:25pm	LB1.3 Rapid HIV testing increases testing frequency among gay and bisexual men: a controlled before-after study Phillip Keen
2:05pm-2:25pm	S17.2 HPV infection, genital inflammation, and HIV risk in the CAPRISA 004 trial Lenine Liebenberg	2:05pm-2:15pm	O23.2 Achieving the goals of the U.S. national HIV/AIDS strategy: Declining HIV diagnoses, improving clinical outcomes, and diminishing racial/ethnic disparities in King County, WA., USA Matthew Golden
2:05pm-2:45pm	S16.2 Potential for uptake of diagnostic testing services along the continuum of care: Landscape assessment of community and providers Sadaf Khan	2:15pm-2:30pm	O23.3 Achieving the goals of the U.S. national HIV/AIDS strategy: Declining HIV diagnoses, improving clinical outcomes, and diminishing racial/ethnic disparities in King County, WA., USA Matthew Golden
2:25pm-2:45pm	S16.3 Clinical management of STI in pregnancy John Kinuthia	2:15pm-2:30pm	O23.4 Achieving the goals of the U.S. national HIV/AIDS strategy: Declining HIV diagnoses, improving clinical outcomes, and diminishing racial/ethnic disparities in King County, WA., USA Matthew Golden

WEDNESDAY 16 SEPTEMBER											
2.30pm – 2.45pm	O21.3 Pre-Therapy Inflammation/ Coagulation Activation and Long-Term CD4 Response to Antiretroviral Therapy <i>Amit Achhra</i>	2.30pm – 2.45pm	Management of co-occurring HCV and substance use disorder, challenges and opportunities <i>Associate Professor Nadine Ezard, Clinical Director, Alcohol and Drug Service, St Vincent's Hospital Sydney, NSW, Australia</i>	2.30pm – 2.45pm	The HIV Cascade: a review of methodology and data sources <i>Dr Nick Medland, Sexual Health Physician, Melbourne Sexual Health Centre, Royal Melbourne Hospital, Doctoral Research Scholar, Monash University, Melbourne, VIC, Australia</i>	2.30pm – 2.45pm	LB1.4 STI Rates among Gay Men Taking Daily Antiretrovirals For Pre-Exposure Prophylaxis Of HIV: The NSW Demonstration Project PRELUDE <i>Iryna Zablotska</i>	2.45pm – 3.05pm	S16.4 Point-of-care testing and treatment of sexually transmitted infections to improve pregnancy outcomes in high-burden settings <i>Andrew Vallely</i>	2.45pm – 3.05pm	S17.4 Using data on pathogenesis and epidemiology to inform anal cancer screening strategies: data from the Study of Prevention of Anal Cancer (SPANAC) <i>Mary Poynten</i>
2.45pm – 3.00pm	O21.4 Decreased Cellular Energy in the Brain Frontal White Matter is Associated with Past Immunosuppression in Chronic HIV Infection <i>Lucette Cysique</i>	2.45pm – 3.15pm	Panel Discussion <i>Greg Dore, Margaret Hellard, Gail Matthews, Nadine Ezard, Graeme Macdonald, and David Pieper</i>	2.45pm – 3.00pm	Working towards the virtual elimination of HIV transmission in NSW by 2020 <i>Dr Kerry Chant PSM, Chief Health Officer and Deputy Secretary Population and Public Health, NSW Ministry of Health, NSW, Australia</i>	2.45pm – 3.15pm	LB1.5 Initial Interactions Of Herpes Simplex Virus With Human Skin Dendritic Cells <i>Tony Cunningham</i>	3.05pm – 3.15pm	Q&A	3.05pm – 3.15pm	Q&A
3.00pm – 3.15pm	O22.2 Detection of Hepatitis C Virus (HCV) in semen from HIV-infected men who have sex with men (MSM) during acute HCV infection <i>Samuel Turner</i>	3.00pm – 3.15pm	Q&A	3.00pm – 3.15pm	Q&A	3.00pm – 3.15pm	LB1.6 Diagnostic test accuracy of the Alere Pima POC CD4 analyzer (PimaTM) in field settings: A meta-analysis <i>Minh Duc Pham</i>				
3.15pm – 3.45pm	Afternoon Tea and Poster Viewing in Exhibition Hall 1										
3.45pm – 5.15pm	PL06 World STI & HIV Congress Plenary 6 and Closing Ceremony Room: Great Hall 3 - Door 4 Foyer Level Chairs: Matthew Golden & Janet Wilson										
3.45pm – 4.15pm	PL06.1 Legal and Rights aspects of HIV and STI <i>Dr. Carlos Cáceres, Professor of Public Health and Director, Center for Interdisciplinary Studies in Sexuality, AIDS and Society, Cayetano Heredia University, Lima, Peru</i>	Controlling HIV in the Asia Pacific Region: How much more needs to be done? (Theme C) <i>Professor John Kaldor, Professor and Program Head, The Kirby Institute, NSW, Australia</i>									
4.15pm – 4.45pm	Debate: Penicillin caused the AIDS pandemic <i>(For: Dr. Andrew Francis-Tan, Atlanta, USA; Against: Professor Jeffrey Klausner, Los Angeles, USA)</i>	Excessive intellectual property protection for HIV treatments: the momentum for reform (Theme D) <i>Charles Chauvel, Team Leader, Inclusive Political Processes, Bureau for Policy & Programme Support, United Nations Development Programme, New York, USA</i>									
4.45pm – 5.15pm	Closing presentation	Finding our way out of the HIV epidemic (Theme B and C) <i>Professor Robert Grant, Professor of Medicine, University of California, San Francisco, USA</i>									
7.30pm – 11.00pm	Joint Conference Dinner – City Hall Brisbane										
		Panel Discussion - Find me, Treat me, PrEP me, Heal me (Courtesy of Tommy) Room: Great Hall 4, Door 1, Foyer Level Facilitator: Matt Wordsworth, ABC <i>Professor Robert Grant, Professor Mike Cohen, Professor Brian Gazzard, Associate Professor Edwina Wright, Dr Mark Bloch, Nicholas Parkhill, Professor Sharon Lewin, Nic Holas, Simon Ruth</i>									

THURSDAY 17 SEPTEMBER

7:30am	Registration opens			
8:30am – 10:30am	Plenary 2 Room: Great Hall 4, Door 1, Foyer Level Chairs: Sharon Lewin and Robert Grant			
8:30am – 9:00am	HIV-1 transmission - Lessons from heterosexual couples in Africa (Theme A) <i>Dr Eric Hunter, Professor of Pathology & Laboratory Medicine, Emory University, Centre for AIDS Research, Atlanta, USA</i>			
9:00am – 9:30am	Using DAA therapy to eliminate HCV – reality or dream? (Theme B) <i>Professor Edward Gane, Professor of Medicine, University of Auckland; Deputy Director, New Zealand Liver Transplant Unit, Auckland City Hospital, Auckland, New Zealand</i>			
9:30am – 10:00am	New Technologies and Innovative Methods to Facilitate HIV Prevention, Testing and Care (Theme C) <i>Jeffery Klausner, Professor of Medicine and Public Health, UCLA Center for World Health, USA</i>			
10:00am – 10:30am	FastTrack the MSM Response in Asia! (Theme D) <i>Midnight Poonkasawatwanna, Executive Director, APCOM (Asia Pacific Coalition on Male Sexual Health), Bangkok, Thailand</i>			
10:30am – 11:00am	Morning Tea and Poster Viewing in Exhibition Hall 1			
10:30am – 11:00am	AFAO Community and Advocacy Hub - Exhibition Hall Biomedical update: AFAO and HIV Australia Launch: Expanded horizons for HIV treatment and prevention			
11:00am – 12:30pm	Theme A - Interferons/ Inflammation	11:00am – 12:30pm	Theme B - ARV Guidelines Session 1 - When and What to Start	Theme C - HIV Epidemiology in the Region
	Room: Great Hall 1, Door 6, Mezzanine Level Chairs: Tony Kelleher and Patricia Price	Room: Great Hall 2, Door 8, Mezzanine Level Chairs: Julian Elliott	Room: Great Hall 3, Door 4, Foyer Level Chairs: Andrew Valley and Scott McGill	Room: Great Hall 4, Door 1, Foyer Level Chairs: Bridget Haire and Shama Ougely
11:00am – 11:20am	Bone marrow transplantation, GVHD and HIV <i>Professor Geoff Hill, NHMRC Australia and QLD Health Senior Clinical Research Fellow. Director of Research, Cancer Care Services Brisbane, QLD, Australia</i>	11:00am – 11:15am Strategic Timing of Antiretroviral Treatment (START) Study - Primary Results <i>Professor Jennifer Hoy, Director HIV Medicine, Alfred Hospital and Monash University, Melbourne, Victoria, Australia</i>	11:00am – 11:15am Survival Trends for HIV+ Patients Receiving First Line ART from the TREAT Asia HIV Observational Database (TAHOD-LITE) (466) <i>Nicole De La Mata</i>	11:00am – 11:15am Continuing to punish vulnerability: The futility of criminalisation <i>Charles Chauve, Team Leader, Inclusive Political Processes, Bureau for Policy & Programme Support, United Nations Development Programme, New York, USA</i>
11:20am – 11:40am	Understanding and measuring the footprint of cMV in a positive life <i>Associate Professor Patricia Price, Principal Research Fellow, Curtin University, WA, Australia</i>	11:15am – 11:30am When to start <i>Dr Julian Elliott, Head of Clinical Research, The Alfred Hospital Infectious Diseases Unit, Melbourne, VIC, Australia</i>	11:20am – 11:33am Sexual Behaviour, Condom Use and HIV Prevalence in Remote Areas of Papua New Guinea (997) <i>Kevin Miles</i>	11:15am – 11:30am A tale of two studies – assessing undiagnosed HIV among gay and bisexual men in Melbourne in 2008 and 2014 <i>Jason Asselin</i>
11:40am – 12:00pm	HIV-related innate immune imprinting persists in HIV patients receiving antiretroviral therapy <i>Associate Professor Anthony Jaworowski, Head, Jaworowski Laboratory & Principal Fellow, Burnet Institute, VIC, Australia</i>	11:30am – 11:45am What to start? HIV integrase inhibitors in initial therapy <i>Associate Professor Mark Boyd, Senior NHMRC Research Fellow, The Kirby Institute; Consultant HIV Physician, The Albion Centre and Holdsworth House; President, ASHM- Sydney, NSW, Australia</i>	11:33am – 11:46am Integrating Couple HIV Counseling and Testing (CHCT) on Ante Natal Care (ANC) service in Bali – Indonesia (312) <i>Ni Wayan Septarini</i>	11:30am – 11:45am Comparing behavioural and demographic characteristics of gay and bisexual men in Australia with undiagnosed HIV infection with those recently diagnosed <i>Ian Down</i>
		11:45am – 12:00pm What to Start: A broader look from the Australian perspective <i>Dr James McMahon, Infectious diseases physician & HIV researcher, The Alfred hospital & Monash Medical Centre, Melbourne, VIC, Australia</i>	11:46am – 11:59pm Evolution of HIV-1 Drug Resistance Mutations in NSW Over 10 Years (447) <i>Angie Pinto</i>	11:45am – 12:00pm Estimated contribution of undiagnosed HIV infections among gay and bisexual men to new HIV infections in Australia <i>Richard Gray</i>
			11:59pm – 12:00pm Criminalisation of Sex work and HIV - Exploring their intersection <i>Cameron Cox, Chief Executive Officer, Sex Workers Outreach Project Inc (SWOP), NSW, Australia</i>	

THURSDAY 17 SEPTEMBER

12:00pm – 12:20pm	12:00pm – 12:30pm	Panel Discussion <i>Professor Jennifer Hoy, Dr Julian Elliott, Dr Mark Boyd, Dr James McMahon, Dr Mark Bloch, Community Representative TBC</i>	12:00pm – 12:15pm	PLHIV in Sero-Discordant Relationships: Changes in Viral Load and Sexual Practices from 1997 to 2012 (499) <i>Jennifer Power</i>	12:00pm – 12:15pm	Spitting and Mandatory BBV Testing – Dragging us Back to the 80s (837) <i>Michael Frommer and Linda Forbes</i>	HIV Oral Fluid Confirmatory Testing Algorithm, Assay Development, Validation and Epidemiological Applications (832) <i>Kim Wilson</i>	
12:20pm – 12:35pm		The Impact of HIV and Hepatitis B Virus on Hepatic Stellate Cell Activation Using a Novel in Vitro System (625) <i>Kasha Singh</i>	12:15pm – 12:30pm	Discussion	12:15pm – 12:30pm	Criminalisation and Responsibilisation: A Case Study of Victorian Responses to Intentional HIV Transmission (550) <i>Larissa Sandy</i>	Discussion	
12:30pm – 2:00pm	Lunch and Poster Viewing in Exhibition Hall 1							
2:00pm – 2:30pm	ASHM AGM M1&2, Mezzanine Level							
12:30pm – 2:00pm	AFAO Community and Advocacy Hub - Exhibition Hall <i>The ATRAS study and the treatment access gap: NAPWA</i> <i>Call for a snap to action on sex work - better prevention, treatment & care for sex workers: Scarlet Alliance</i> <i>PREP campaign launch: QuAC</i> <i>LGBTI mental health and suicide prevention: MindOUT Queensland</i>							
2:00pm – 3:30pm	Theme B - Issues in HIV Management Room: Great Hall 1, Door 6, Mezzanine Level Chairs: Heather McNamee and Trent Yanwood	Theme C and D- Drug and Alcohol Session Room: Great Hall 2, Door 8, Mezzanine Level Chairs: Karen Price and Jason Ferris	2:00pm – 3:30pm	Theme D - Sex, Identity and Resistance Room: Great Hall 3, Door 4, Foyer Level Chair: Tony Maynard	2:00pm – 3:30pm	ASHM International Session - Opportunities and challenges for HIV diagnostics, assays and management in the Asia & Pacific regions Room: Great Hall 4, Door 1, Foyer Level Chairs: Patricia Price and Michelle O'Connor	Aboriginal and Torres Strait Islander Symposium - sponsored by AbbVie Room: M1&2, Mezzanine Level Chairs: Andrew Jolivette	
2:00pm – 2:15pm	Clinic Network Collaboration and Patient Tracing To Maximize Retention in HIV Care (355) <i>James McMahon</i>	Narcotics Are Cheaper Than Food in Pakistan: Our PWIDs Are Dying From AIDS (943) <i>Zeeshan Ayyaz</i>	2:00pm – 2:15pm	Working from young people's 'local knowledge' – towards a new agenda for sexual health research (181) <i>Stephen Bell</i>	2:00pm – 2:05pm	Challenges in HIV diagnostics & assays in resource limited settings in Asia Pacific – setting the scene <i>Levinia Crooks</i>	The Human T Lymphotropic Virus type 1 subtype c: a major cause of morbidity and mortality for the Aboriginal people in central Australia <i>Dr Lloyd Einsiedel, Associate Director Research, Aboriginal Health, BakerDI, Alice Springs Hospital, NT Australia</i>	
2:15pm – 2:30pm	Patient Retention in HIV Medical Care in a Primary Care Practice in Sydney, Australia (753) <i>Mark Bloch</i>	Drug-related Hospital Admissions in HIV-infected and Uninfected Gay and Bisexual Men (691) <i>Cecilia Moore</i>	2:15pm – 2:30pm	PASH tm: Gay, bisexual and queer transgender men in the HIV response (239) <i>Teddy Cook and Jeremy Wiggins</i>	2:05pm – 2:35pm	Challenges in HIV diagnostics experiences from: Papua New Guinea Samoa <i>Oscillah Kaminiel Sandra Semi</i>	What's different about the novel Australian virus subtype; HTLV-1c <i>Professor Damian Purcell, Head, Molecular Virology Laboratory, Peter Doherty Institute for Infection and Immunity, University of Melbourne, VIC, Australia</i>	

THURSDAY 17 SEPTEMBER

2.30pm – 2.45pm	Factors associated with adherence to antiretroviral therapy in HIV-infected Australian adults: The PAART study (351) <i>Krista Siefried</i>	2.30pm – 2.45pm	The Highs and Lows of Methamphetamine use among Gay and Bisexual Men (515) <i>Mo Hammoud</i>	2.30pm – 2.45pm	The Social and Sexual Dynamic between Gay Men/Transgender People and Their Straight-Identifying Male Partners in Timor-Leste (448) <i>David Fowler</i>	2.35pm – 2.50pm	Experiences & opportunities in the use of dried blood spots in resource limited settings <i>Philip Cunningham</i>	2.30pm – 2.45pm	STI/HIV Concordance Testing: Findings from the Strive Study <i>Associate Professor James Ward, Head Aboriginal Health Infectious Diseases South Australian Health and Medical Research Institute, Adelaide, SA, Australia</i>
2.45pm – 3.00pm	Effects of HIV Treatment Interruption in the Asia-Pacific Region – results from TAHOD (074) <i>Awachana Jiamsakul</i>	2.45pm – 3.00pm	Gay and Bisexual Men Alternate Ways of Obtaining Erectile Dysfunction Medication and their Reasons for Use (513) <i>Mo Hammoud</i>	2.45pm – 3.00pm	Shifting Identity among Young Same Sex Attracted Men and what it Means for HIV Risk: Building an Evidence Base for Effective HIV Prevention (833) <i>Sally Cameron</i>	2.50pm – 3.05pm	Development and Evaluation of a Simple, Filter Paper-Based Method of Plasma Separation and Storage to Enhance Accurate Virological Monitoring of HIV Patients in RLS (536) <i>Berhan Ayele Haile</i>	2.45pm – 3.00pm	Improving the Treatment Cascade for HIV Positive Aboriginal and Torres Strait Islander People at Cairns Sexual Health (452) <i>Joanne Leamy and Melanie Kieley-Teare</i>
3.00pm – 3.15pm	Primary results of the Positive Outlook study: A randomised controlled trial of online self-management for gay men with HIV (321) <i>Tanya Millard</i>	3.00pm – 3.15pm	Crystal Methamphetamine Use Among Gay and Bisexual Men in Australia: Patterns of Use and Harm Reduction Responses (226) <i>Toby Lea</i>	3.00pm – 3.30pm	Discussion	3.05pm – 3.20pm	Cognitive evaluation needs in HIV patients; experience from Indonesia <i>Riwanti Estiasari</i>	3.00pm – 3.30pm	Gumbuya: Improving the treatment cascade for Aboriginal and Torres Strait Island people <i>Dr Darren Russell, Director, Sexual Health, Cairns Hospital; Chair, HIV Foundation Qld, Australia</i> <i>Professor Martyn French, Professor and Consultant, Clinical Immunology, University of Western Australia and Royal Perth Hospital, Perth, WA, Australia</i>
3.15pm – 3.30pm	Self-Management for People Living with HIV: A Pilot of the Flinders Program™ in HIV Clinical Services (757) <i>Sarah Smith</i>	3.15pm – 3.30pm	Treatment outcomes from AC-ON's Substance Support Service: Working with HIV positive and at risk clients (240) <i>Toby Lea</i>			3.20pm – 3.30pm	Discussion <i>Patricia Price</i>		
3.30pm – 4.00pm	Afternoon Tea and Poster Viewing in Exhibition Hall 1								
3.30pm – 4.00pm	AFAO Community and Advocacy Hub - Exhibition Hall <i>Population mobility/CoPAHM: launch of Report Card</i>								
4.00pm – 5.45pm	Theme A - Cure/Latency/CNS	4.00pm – 5.30pm	Theme B - Antiretroviral Therapy	4.00pm – 5.30pm	Theme C - Evaluating Rapid HIV Testing	4.00pm – 5.30pm	Theme D- Bingo: The use of targets in HIV policy		
4.00pm – 4.20pm	Room: Great Hall 1, Door 6, Mezzanine Level Chairs: <i>Melissa Churchill and Lachlan Gray</i>	4.00pm – 4.15pm	Room: Great Hall 2, Door 8, Mezzanine Level Chairs: <i>James McMahon and David Baker</i>	4.00pm – 4.15pm	Room: Great Hall 3, Door 4, Foyer Level Chairs: <i>Levinia Crooks and Joe Debbatista</i>	4.00pm – 4.05pm	Room: Great Hall 4, Door 1, Foyer Level Chair: <i>Heather Worth</i>		
4.00pm – 4.20pm	HIV cure research: Current strategies and challenges <i>Professor Sharon Lewin, Director, Doherty Institute for Infection and Immunity, University of Melbourne, VIC, Australia</i>	4.00pm – 4.15pm	HIV treatment revision: As simple as old versus new? <i>Dr David Nolan, Consultant Physician, Department of Immunology, Royal Perth Hospital, Perth, WA, Australia</i>	4.00pm – 4.05pm	Who's Coming and Who's Coming Back? Characteristics of Rapid Testers and Return Testers at the Pronto! Community-Based HIV Testing Service (806) <i>Kathleen Elizabeth Ryan</i>	4.00pm – 4.05pm	MSM community perspectives on getting to 90/90/90 <i>Midnight Poonkasetwattana, Executive Director, APCOM (Asia Pacific Coalition on Male Sexual Health), Bangkok, Thailand</i>		
4.20pm – 4.40pm	Measuring the HIV reservoirs: New and improved methods <i>Associate Professor Sarah Palmer, Deputy Director, Centre for Virus Research, Westmead Millennium Institute and University of Sydney, NSW, Australia</i>	4.15pm – 4.30pm	Switching from a Tenofovir Disoproxil Fumarate (TDF)-Based Regimen to a Tenofovir Alafenamide (TAF)-Based Regimen: Data in Virologically Suppressed Adults Through 48 Weeks of Treatment (432) <i>Don Smith</i>	4.15pm – 4.30pm	What is the Cost Of Performing Parallel Conventional HIV Serology With Rapid HIV Testing When Delivering Sexual Health Screening For Gay And Bisexual Men? (820) <i>Damian Conway</i>	4.05pm – 4.20pm	Panel Member Perspectives <i>Professor Charles Gilks, David Fowler, Scientia Professor Peter Aggleton</i>		

THURSDAY 17 SEPTEMBER

4:40pm – 5:00pm	HIV Infection of the CNS: Implications for Cure <i>Associate Professor Melissa Churchill, Head, Churchill Laboratory, The Burnet Institute, Melbourne, VIC, Australia</i>	4:30pm – 4:45pm	Consistency of Dolutegravir Treatment Difference in HIV+ Treatment Naives at Week 96 (729) <i>Mark Bloch</i>	4:30pm – 4:45pm	Missed Opportunities for STI Testing: A Mixed Methods Study of the Impact of a Stand-Alone HIV Testing Service (808) <i>Kathleen Elizabeth Ryan</i>	4:20pm – 5:30pm	Panel Discussion <i>Professor Charles Gilks, David Fowler, Scientia Professor Peter Aggleton, Midnight Poonkasetwattana, Professor Heather Worth</i>
5:00pm – 5:15pm	PD-1 Identifies Latently HIV-infected Non-proliferating and Proliferating CD4+ T-cells (345) <i>Renee van der Sluis</i>	4:45pm – 5:00pm	Tenofovir Alafenamide Vs Tenofovir Disoproxil Fumarate, Each Co-Formulated with Elvitegravir, Cobicistat and Emtricitabine, for Initial Treatment of HIV-1 Infection: Two Randomised, Double-Blind, Phase 3, Non-Inferiority Trials (246) <i>Mark Bloch</i>	4:45pm – 5:00pm	HIV Testing Self-Efficacy is Associated with Higher HIV Testing Frequency and Perceived Likelihood to Self-Test Among Gay and Bisexual Men? (720) <i>Muhammad Shahid Jamil</i>		
5:15pm – 5:30pm	Antibody-Dependent Cellular Cytotoxicity against Cells Latently Infected with HIV (456) <i>Wen Shi Lee</i>	5:00pm – 5:15pm	Mortality among HIV Patients on Antiretroviral (ARV) Treatment in Bali, Indonesia 2006-2014: Incidence and Predictors (912) <i>Sri Utami</i>	5:00pm – 5:15pm	Sexual Risk Behaviour Predicts More Frequent use of HIV Self-Testing: Early Findings from the FORTH Trial (722) <i>Rebecca Guy</i>		
5:30pm – 5:45pm	Discovery of Novel Latency Reversing Agents (LRAS) that Specifically Reactivate HIV-1 (530) <i>Jonathan Jacobson</i>	5:15pm – 5:30pm	Discussion	5:15pm – 5:30pm	Discussion		
5:30pm – 6:30pm	Networking Reception						
6:15pm – 8:30pm	Gilead Symposium - #Wheretonext Meeting Room 1 & 2, Mezzanine Level						
6:15pm – 6:45pm	Food and beverage service						
6:45pm – 8:30pm	Presenters: Professor Andrew Carr Associate Professor Darren Russell Rubern Meerman						

FRIDAY 18 SEPTEMBER

6:30am	Registration opens			
7:00am – 8:20am	Case Presentation Breakfast Room: Great Hall 1, Door 6, Mezzanine Level Chairs: David Nolan and Theo Van Lieshout			
7:00am-7:20am	Breakfast To be served outside the room and not to be taken inside the auditorium			
7:20am – 7:40am	Case study: A Genital Bump (019) <i>Bianca F. Parsons</i>			
7:40am-8:00am	Multiple Intracerebral Lesions in a Young Male (784) <i>Bosavaprabhu Achappa</i>			
8:00am - 8:20am	Sarcoidosis in Human Immunodeficiency Virus (HIV): The Paradox of Autoimmunity in Immunodeficiency (408) <i>Ramona Muttucumaru</i>			
8:30am – 10:00am	HIV&AIDS Conference Plenary 3 Room: Great Hall 4, Door 1, Foyer Level Chairs: Edwina Wright and Andrew Carr			
8:30am – 9:00am	Why should we switch for toxicity? (Theme B) <i>Dr Patrick (Paddy) Mallon, Associate Dean for Research and Innovation, School of Medicine and Medical Science, University College Dublin (UCD), Ireland</i>			
9:00am – 9:30am	HIV Gene Therapy (Theme A) <i>Geoff Symonds, PhD, Head of Scientific Affairs and Collaborators, Calimmune Inc, Sydney, NSW, Australia</i>			
9:30am – 10:00am	Indian Blood: Two-Spirit Return, Mixed-Race Identity, and Critical Interventions in HIV (Aboriginal & Torres Strait Islander Health Theme) <i>Andrew Jolivette, Chair, American Indian Studies Department, San Francisco State University, USA</i>			
10:00am-10:30am	Morning Tea and Poster Viewing in Exhibition Hall 1			
10:00am-10:30am	AFAO Community and Advocacy Hub - Exhibition Hall <i>Testing advocacy update: ACON</i>			
10:30am – 12:00pm	Theme A - Fitness/Tat/ Gene therapy Room: Great Hall 1, Door 6, Mezzanine Level Chairs: Sarah Palmer and David Harrich	Theme B - Co-morbidities Room: Great Hall 2, Door 8, Mezzanine Level Chairs: Fiona Bissop and Mark Bloch	Theme C - Gay Men, Sex and HIV Risk Reduction Room: Great Hall 3, Door 4, Foyer Level Chairs: Jeffrey Klausner and Anthony Lyons	Theme D - HIV and Migration Room: Great Hall 4, Door 1, Foyer Level Chair: Heather Worth
10:30am – 10:50am	Impact of transmitted virus replicative fitness on HIV-1 disease progression <i>Dr Eric Hunter, Professor of Pathology & Laboratory Medicine, Emory University, Centre for AIDS Research, Atlanta, USA</i>	Practical Management and Screening of Bone Disease in HIV <i>Professor Jennifer Hoy, Director HIV Medicine, Alfred Hospital and Monash University, Melbourne, Victoria, Australia</i>	Negotiating Change in Relationship Agreements (471) <i>Steven Philpot</i>	Asylum seekers, immigration detention are HIV: What are the issues? <i>Dr John-Paul Sanggaran, General Practice Registrar, Birkdale Medical Group, Brisbane, QLD, Australia</i> <i>Dr Bridget Haire, Post-doctoral Research Fellow, Kirby Institute UNSW Australia; President Australian Federation of AIDS Organisations (AFAO), Sydney, NSW.</i>
10:50am – 11:10am	Development of a New Quantitative Intracellular HIV-1 RNA Assay (Spliced-Tat) for the Detection of Active Virus Production within HIV-1 Reservoirs (803) <i>Kazuo Suzuki</i>	Changes in Renal Laboratory Parameters and Bone Mineral Density in Treatment-Naive HIV-1-Infected Adolescents Initiating Therapy with INSTI-Based Single-Tablet Regimens Containing Tenofovir Alafenamide (TAF) or Tenofovir Disoproxil Fumarate (TDF) (695) <i>Wasana Prasitsuebsai</i>	Boyfriends and Fuckbuddies: Defining Partners (489) <i>Benjamin Bawinton</i>	The ATRAS Study: Gaps in the response <i>Aaron Cogle, Executive Director, National Association of People with HIV Australia (NAPWA), Sydney, NSW, Australia</i>

FRIDAY 18 SEPTEMBER

11:10am – 11:20am	Nullbasic Inhibits HIV Replication Through A Latency-Like Suppression of HIV-1 Gene Expression in Jurkat Cells (555) <i>Hongping Jin</i>	11:05am – 11:20am	HIV Positive Outpatients With Treated Hypertension: Failure To Achieve Blood Pressure Targets (642) <i>Shanti Narayanasamy</i>	11:00am – 11:15am	Making Relationships Work: How Much is Age a Factor? (492) <i>Garrett Prestage</i>	11:00am – 11:15am	Moving targets <i>Dr Christopher Lemoh, Physician, Monash Health, Melbourne, VIC, Australia</i>
11:20am – 11:30am	The Interaction of eF1A and HIV RT is Critical for HIV-1 Reverse Transcription and a Potential Anti-HIV Target (525) <i>Dongsheng Li</i>	11:20am – 11:35am	Dementia and Correlates of HIV-Associated Mortality in HIV Outpatients in Ho Chi Minh City, Vietnam (443) <i>Truc Thanh Thai</i>	11:15am – 11:30am	The Emergence of Undetectable Viral Load as a HIV Risk Reduction Strategy by Australian Gay and Bisexual Men Who have Condomless Sex with Casual Partners (101) <i>Martin Holt</i>	11:15am – 11:30am	ART for HIV+ Medicare Ineligibles improves outcomes, prevents transmissions, and is cost neutral <i>Dr Kathy Petoumenos, Senior Lecturer, Biostatistics and Databases Program, The Kirby Institute, Sydney, NSW, Australia</i>
11:30am – 11:40am	Binding of the Eukaryotic Translation Elongation Factor 1A with the 5'UTR of HIV-1 Genomic RNA is Important for Reverse Transcription (467) <i>Ting Wei</i>	11:35am – 11:50am	Management guidelines for HIV-related Co-morbidities Result in Increased Screening but no Change in Primary Prevention Implementation (106) <i>Janine Trevillyan</i>	11:30am – 11:45am	Agreements and Communication about Viral Load and Condomless Anal Intercourse within Homosexual Male Serodiscordant Couples: Implications for 'Treatment as Prevention' (416) <i>Benjamin Bavinton</i>	11:30am – 12:00pm	Panel Discussion <i>Dr John-Paul Sanggaran, Dr Bridget Haire, Aaron Cogle, Dr Christopher Lemoh, Dr Kathy Petoumenos and Professor Heather Worth</i>
11:40am – 11:50am	A Novel Assay To Evaluate The Response Of Patient-Derived Virus To Latency Reversing Agents Ex Vivo (843) <i>Michael Moso</i>						
11:50am – 12:00pm	Discussion	11:50am – 12:00pm	Australian HIV/Hepatitis C Co-Infected Patients Fall Behind HIV Mono-Infected Patients in move towards Early HIV Treatment Initiation <i>Clara Brown</i>	11:45am – 12:00pm	Discussion		
12:00pm – 1:30pm	Lunch and Poster Viewing in Exhibition Hall 1						
12:00pm – 1:30pm	AFAO Community and Advocacy Hub - Exhibition Hall <i>Remembering, Recognising and Responding: 21 years of the Anwernekenhe National HIV Alliance 2Spirits Program Partnerships with faith leaders to address HIV stigma in Australia: AFAO and CEH</i>						
12:30pm – 1:15pm	Oral Poster Session - Theme B. Facilitator: Trent Yarwood and TBC Poster No. 12- Impact of a Pharmacist Review during Annual Health Checks in HIV patients taking combination antiretroviral therapy - Ivette Aguirre Poster No. 17 - Safety of Tenofovir Alafenamide in Renal Impairment - Mark Bloch Poster No. 21- Utilisation of Dried Blood Spots (DBS) for Assessing Efavirenz Pharmacokinetics in ENCORE1 - Dianne Carey Poster No. 24 - Is HIV associated cognitive impairment a concern for PLHIV? - Denise Cummins Poster No. 25 - PLHIV self assessment tool for recognising signs and symptoms of HIV cognitive impairment - Denise Cummins Poster No. 30 - Predictors of Increased Immunological Response Within 24 Months of Art Among Art Naive Patients in Yogyakarta, Indonesia - Hastuti Poster No. 32 - Use of Concomitant Medications in HIV-1 Infected Patients in a Large Community Practice in Sydney, Australia - Avindra Jayewardene Poster No. 133 - Predictors of Mortality among HIV Patients on Antiretroviral Treatment in Dr. Sardjito Hospital Yogyakarta - Yurniati						
12:30pm – 1:00pm	Oral Poster Session - Theme D. Facilitator: Duc Nguyen Poster No. 111 - A mixed method Study of Influence of Sociocultural Factors on Women Living with HIV/ AIDS in Delhi India - Sangeeta Sharma Dhaor Poster No. 123 - Creating opportunities for change in HIV policy – a case study of election advocacy in NSW - Dean Price Poster No. 126 - How do we get the Research Policy-Makers need in HIV and STI'S? - Heather-Marie Schmidt Poster No. 131- Barriers to Providing Anti-Retroviral Treatment (ART) at the Community Health Centre in Badung Regency, Bali Province – Indonesia - I Nyoman Sutarsa						

FRIDAY 18 SEPTEMBER

1.30pm – 3.00pm	Theme A - Infection of CCR5+ CD4 T cells and its consequences Room: Great Hall 1, Door 6, Mezzanine Level Chairs: John Saunders and Martyn French	Theme B - ARV Guidelines Session 2: PrEP Room: Great Hall 2, Door 8, Mezzanine Level Chairs: Julian Elliott	Theme C - Culture, Sex and Technology Room: Great Hall 3, Door 4, Foyer Level Chairs: Martin Holt and Graham Brown	Theme D - Power, Partnerships and Participation Room: Great Hall 4, Door 1, Foyer Level Chairs: David Fowler
1.30pm – 2.00pm	Diversity of CCR5+ CD4+ T cells <i>Dr John Saunders, Senior Scientist, Centre for Applied Medical Research, St Vincent's Hospital; Conjoint Senior Lecturer, Immunovirology and Pathogenesis Program, Kirby Institute, UNSW, Sydney, NSW, Australia</i>	PrEP Update <i>Professor Robert Grant, Professor of Medicine, University of California, San Francisco, USA</i>	Male Sex Workers and Relationships with their Clients in Australia (498) <i>Garrett Prestage</i>	Resilience and Flourishing Among People Living with HIV: A National Study of Australian Gay Men (214) <i>Anthony Lyons</i>
1.30pm – 2.10pm	Molecular gymnastics: HIV-1 R5 resistance to CCR5 antagonists and impact on viral phenotype <i>Dr Michael Roche, Postdoctoral Fellow, Doherty Institute for Infection and Immunity, University of Melbourne, VIC, Australia</i>	The Australian National PrEP guidelines and potential impact of PrEP on HIV prevention in Australia <i>Dr Iryna Zablotska, HIV Epidemiology and Prevention Program, The Kirby Institute, UNSW Australia</i>	Is Acculturation a Major Factor for HIV Related Risk Taking Behaviours Among South Asian Immigrant Men-Who-Have-Sex-With-Men in Australia? (196) <i>Ahm Haque</i>	Meeting Testing Targets Ethically (436) <i>Joanna Megan</i>
2.00pm – 2.30pm	SIV entry into T follicular helper (Tfh) cells may be associated with CCR5+ pre-Tfh cells in lymph node (LN) (180) <i>Yin Xu</i>	PrEP at the coalface <i>Dr Mark Bloch, Director, Holdsworth House Medical Practice, Sydney, NSW, Australia</i>	The Use of Mobile Phone Apps to Meet Partners by Gay Men in Australia is Not Associated with Increased Risk-Taking: Findings from the Gay Community Periodic Surveys, 2014 (816) <i>Peter Hull</i>	Developing Sustainable, International Partnerships Model to Build Capacity in HIV and STIs (839) <i>Shailendra Sawleshwarikar</i>
2.30pm – 2.45pm	Pharmacological Ablation of Cellular Inhibitors of Apoptosis (Ciaps) Rapidly Sensitises HIV-Infected CD4+ T Cells to Death, Impeding Viral Spread and Immune Attrition in Humanized Mice (444) <i>Cody Allison</i>	PrEP availability and access options in Australia <i>Associate Professor Edwina Wright, Department of Infectious Diseases Alfred Health & Monash University, Burnet Institute, Melbourne, VIC, Australia</i>	Public Sexual Health Clinics Increase Access, HIV Testing and Re-Testing Among Higher Risk Gay and Bisexual Men (824) <i>Muhammad Jamil</i>	The Meaning of Outreach Work in Indonesia: Qualitative Study on Work Meaning and Factors Influencing Work Quality Among Outreach Workers in HIV&AIDS Prevention Program in 3 Cities in Java (669) <i>Elan Lazuardi</i>
2.45pm – 3.00pm	Afternoon Tea and Poster Viewing in Exhibition Hall 1	Panel Discussion: PrEP use in Australia, now and into the future <i>Professor Robert Grant, Dr Iryna Zablotska, Dr Vincent Cornelisse, Dr Mark Bloch, Associate Professor Edwina Wright, Dr Julian Elliott, Community representative TBC</i>	'It's Like Cooking an Egg': Exploring Gay and Bisexual Men's Responses to HIV Self-Testing (650) <i>Denton Callander</i>	Discussion
